1. A number of engines were built with the letter 'R' as the year of manufacture code. In the middle of January 2006, the year of manufacture code was changed to the letter 'S'. If your full engine serial number ends with the letter 'R', Perkins Engines Company Limited will recognise the full engine serial number.
2. represents current manufacturing facilities

If the letter 'R' appears after the country code this represents a remanufactured engine (ie UR = UK remanufactured engine)
