You will write a 5-page paper using APA style, re-examining your philosophy. The philosophy paper for Portfolio II should be different from the one that was written for Portfolio I, and should describe how your personal philosophy has evolved since submission of Portfolio I. Your evolving philosophy should be based on your experiences, textbooks, research, field observations, reflections, course readings, and discussions, as well as other resources. You should examine various philosophies of education, including constructivism, and discuss how these philosophies impact your personal philosophy. The Portfolio II paper should exemplify growth in the understanding and articulation of your philosophy of education.
