Poor But Proud Wayne Flynt, 2001 Midnight Cry Lesa Carnes Shaul, 2024-10 Close to midnight on May 17 1951 four north Alabama lawmen drove to a bootlegger s home to serve an arrest warrant Before the clock struck twelve the bootlegger lay dead in front of the house he shared with his wife and eight children and three of the four officers were also dead Afterward a sixteen year old boy would face a series of trials that would divide a county and thrust the state of Alabama into the national spotlight In this good old fashioned true crime story Lesa Carnes Shaul draws on court documents trial transcripts newspaper articles and personal interviews to weave together a rollicking and illuminating tale of murder and revenge Besides the shooting itself and the subsequent trials the narrative explores the cultural shifts that occurred after World War II in the United States the Deep South and the state of Alabama in particular Immediately after the war many southern states still recovering from the lingering effects of the Great Depression stood poised to advance toward a progressive New South yet struggled with the legacy of race and class inequities retrograde government policies and a stubborn resistance to change Sand Mountain represented a kind of land that time forgot during this era even as nearby cities like Huntsville and Birmingham sought to claim a place on the national stage in technology industry business and medicine Through her investigation of this murder trial Shaul reveals the backwoods justice at play in this isolated area of the American South

Revolt of the Tar Heels James M. Beeby, 2008 During the 1890s North Carolina witnessed a political revolution as the newly formed Populist Party joined with the Republicans to throw out do nothing conservative Democrats Focusing on political transformation electoral reform and new economic policies to aid poor and struggling farmers the Populists and their coalition partners took power at all levels in the only southern state where Populists gained statewide office For a brief four years the Populists and Republicans gave an object lesson in progressive politics in which whites and African Americans worked together for the betterment of the state and the lives of the people James M Beeby examines the complex history of the rise and fall of the Populist Party in the late nineteenth century His book explores the causes behind the political insurgency of small farmers in the state It offers the first comprehensive and in depth study of the movement focusing on local activists as well as state leadership It also elucidates the relationship between Populists and African Americans the nature of cooperation between Republicans and Populists and local dynamics and political campaigning in the Gilded Age In a last gasp attempt to return to power the Democrats focused on the Populists weak point race The book closes with an analysis of the virulent campaign of white supremacy engineered by threatened Democrats and the ultimate downfall of already quarreling Populists and Republicans With the defeat of the Populist ticket North Carolina joined other southern

states by entering an era of segregation and systematic disfranchisement James M Beeby is an assistant professor of history at Indiana University Southeast Race, Class, and Power in the Alabama Coalfields, 1908-21 Brian Kelly,2001 In this lucid and supremely readable study Brian Kelly challenges the prevailing notion that white workers were the main source of resistance to racial equality in the Jim Crow South Kelly explores the forces that brought the black and white miners of Birmingham Alabama together during the hard fought strikes of 1908 and 1920 He examines the systematic efforts by the region s powerful industrialists to foment racial divisions as a means of splitting the workforce preventing unionization and holding wages to the lowest levels in the country He also details the role played by Birmingham s small but influential black middle class whose espousal of industrial accommodation outraged black miners and revealed significant tensions within the African American community Sing Me Back Home Bill C. The Southern Middle Class in the Long Nineteenth Century Jonathan Daniel Wells, Jennifer R. Green, 2011-12-12 The Southern Middle Class in the Long Nineteenth Century provides a series of provocative essays reflecting innovative original research on professional and commercial interests in a region often seen as composed of just two classes planters and slaves This study shows however that the active middle class devoted to cultural and economic modernization of the region worked in tandem with its northern counterpart and independently to bring reforms to the South

Alabama Politics in the Twenty-First Century William H. Stewart, 2016-09-06 An expansive and accessible primer on Alabama state politics past and present which provides an in depth appreciation and understanding of the twenty second state s distinctive political machinery Why does Alabama rank so low on many of the indicators of quality of life Why did some of the most dramatic developments in the civil rights revolution of the 1960s take place in Alabama Why is it that a few interest groups seem to have the most political power in Alabama William H Stewart s *Alabama Politics in the Twenty First Century* explores these questions and more illuminating many of the often misunderstood details of contemporary Alabama politics in this cohesive and comprehensive publication The Alabama state government especially as a specimen of Deep South politics is a topic of frequent discussion by its general public

second only to college football However there remains a surprising lack of literature focusing on the workings of the state s bureaucracy in an extensive and systematic way Bearing in mind the Yellowhammer State s long and rich political history Stewart concentrates on Alabama s statecraft from the first decade of the twenty first century through the November 2010 elections and considers what the widespread Republican victories mean for their constituents He also studies several different themes prominent during the 2010 elections including the growing number and influence of special interest groups the respective polarization of whites and blacks into the Republican and Democratic parties and the increasingly unwieldy state constitution This fascinating and revealing text provides a wealth of information about an extremely complex state government Featuring detailed descriptions of important concepts and events presented in a thorough and intelligible manner Alabama Politics in the Twenty First Century is perfect for scholars students everyday Alabamians or anyone who wants the inside scoop on the subtle inner workings of the Cotton State s politics The Conquest of Labor Curtis J. Evans,2014-12-12 The Conquest of Labor offers the first biography of Daniel Pratt 1799 1873 a New Hampshire native who became one of the South s most important industrialists After moving to Alabama in 1833 Pratt started a cotton gin factory near Montgomery that by the eve of the Civil War had become the largest in the world Pratt became a household name in cotton growing states and Prattville the site of his operations one of the antebellum South s most celebrated manufacturing towns Based on a rich cache of personal and business records Curtis J Evans s study of Daniel Pratt and his Yankee town in the heart of the Deep South challenges the conventional portrayal of the South as a premodern region hostile to industrialization and shows that contrary to current popular thought the South was not so markedly different from the North

History and Hope in the Heart of Dixie Gordon E. Harvey,Richard D. Starnes,Glenn Feldman,2006-08-20 Can any good thing come from Auburn John Shelton Reed Revisiting race relations in an Upland South community Lacrosse Arkansas Brooks Blevins Southern accents the politics of race and the passage of the Economic Opportunity Act of 1964 Susan Youngblood Ashmore Is there a balm in Gilead Baptists and reform in North Carolina 1900 1925 Richard D Starnes The beginnings of interracialism Macon Georgia in the 1930s Andrew M Manis Race class the Southern conference and the beginning of the end of the New Deal coalition Glenn Feldman Wallaceism is an insidious and treacherous type of disease the 1970 Alabama gubernatorial election and the Wallace freeze on Alabama politics Gordon E Harvey Divide and conquer interest groups and political culture in Alabama 1929 1971 Jeff Frederick The scholar as activist Dewayne Key Evangelist for constitutional reform Bailey Thomson The historian as public policy activist Dan T Carter **The Greater Good** Laura Beth Daws,Susan Lorene Brinson,2019-02-12 Examines the role of press coverage in promoting the mission of the TVA facilitating family relocation and formulating the historical legacy of the New Deal For poverty stricken families in the Tennessee River Valley during the Great Depression news of President Franklin D Roosevelt s New Deal plans to create the Tennessee Valley Authority bringing the promise of jobs soil conservation and electricity offered hope for a better life The TVA dams would

flood a considerable amount of land on the riverbanks however forcing many families to relocate In exchange for this sacrifice for the greater good these families were promised fair market value for their land As the first geographic location to benefit from the electricity provided by TVA the people of North Alabama had much to gain but also much to lose In *The Greater Good Media Family Removal and TVA Dam Construction in North Alabama* Laura Beth Daws and Susan L Brinson describe the region s preexisting conditions analyze the effects of relocation and argue that local newspapers had a significant impact in promoting the TVA s agenda The authors contend that it was principally through newspapers that local residents learned about the TVA and the process and reasons for relocation Newspapers of the day encouraged regional cooperation by creating an overwhelmingly positive image of the TVA emphasizing its economic benefits and disregarding many of the details of removal Using mostly primary research the volume addresses two key questions What happened to relocated families after they sacrificed their homes lifestyles and communities in the name of progress And what role did mediated communication play in both the TVA s family relocation process and the greater movement for the public to accept the TVA s presence in their lives *The Greater Good* offers a unique window into the larger impact of the New Deal in the South Until now most research on the TVA was focused on organizational development rather than on families with little attention paid to the role of the media in garnering acceptance of a government enforced relocation
