Report Employers Hiring Illegal Immigrants:

Illegal Immigrants and Developments in Employment in the Labour Markets of the EU Jan Hjarnø, 2019-05-24

This title was first published in 2003. The problem of illegal labour immigration is one of the most controversial and hotly debated issues to confront the EU. This book examines the Scandinavian model of social partnership by which labour market relations are governed, creating an effective barrier to the employment of illegal immigrants. Using Denmark, Portugal and Germany as case studies, it questions the impact of illegal immigrants and whether they pose a serious threat to the free movement of labour, capital and commodities. It will prove invaluable to those interested in labour market relations throughout the world.
