As part of A Better Chicago's ten-year strategic plan launched in 2015, we established portfolio-wide performance targets for student achievement and scale. Our 2025 student achievement targets and 2018 actuals are presented in the dashboard below. We track a range of indicators along the education continuum to understand how many of the students served by our portfolio are on path to college and career success. The dashboard also compares our portfolio results and targets to key external benchmarks, including a portfolio benchmark that shows the performance of students with demographic and socioeconomic characteristics similar to those of the students served by our grantees.

A Better Chicago's portfolio served more than 37,600 students in 2018. Of these students, 88 percent were from low-income households and 93 percent identified as students of color.
