Report Information On Taylor Swift:

The Words and Music of Taylor Swift James E. Perone, 2017-07-14 This scholarly analysis of the music of Taylor Swift identifies how and why she is one of the early 21st century's most recognizable and most popular stars. By the age of 13, singer-songwriter Taylor Swift had already inked a development deal with a major record label. This early milestone was an appropriate predictor of what accomplishments were to come. Now a superstar artist with an international fanbase of millions and several critically acclaimed and commercially successful albums, Swift has established herself as one of the most important musicians of the 21st century. This accessible book serves Taylor Swift fans as well as students of contemporary popular music and popular culture, critically examining all of this young artist's work to date. The book's organization is primarily chronological, covering Taylor Swift's album and single releases in order of release date while also documenting the elements of her music and personality that have made her popular with fans of country music and pop music across a surprisingly diverse age range of listeners. The chapters address how Swift's songs have been viewed by some fans as anthems of empowerment or messages of encouragement, particularly by members of the LGBTQ community, those who have been bullied or been seen as outsiders, and emerging artists. The final chapter places Swift's work and her public persona in the context of her times, with respect to her use of and relationship with technology, for example, her use of social media and songwriting technology, and her expressions of a new type of feminism that is unlike the feminism of the 1970s.

The Famous Feud Project Casian Anton, 2024-01-12 In the history of human nature, there are conflicts with a happy ending or with a tragic ending. The Famous Feud, in general, seems to have a happy ending with one winner, Taylor Swift. From my point of view, the Famous Feud ended in July 2016. In June 2017, I was convinced that Taylor Swift was the victim for the second time of Kanye West. In October 2023, after I have updated the entire research on the Famous Feud, the original conclusion did not change. I created this edition to include everything I wrote about the Famous Feud. It is an edition for people interested in reading the entire Famous Feud story from A to Z. The Famous Feud Project report has two parts: Part 1, Music in Black and White: A Journey Behind the Musical Notes; Part 2, On the Famous Feud. Enjoy your reading.
