

How To Avoid Phone Scams

The amount of spam calls increased this year¹ — use these tips to identify potential scammers and put an end to phony calls once and for all!

Common Scams

A Government agency demanding immediate action with threat of arrest.

Bank fraud alerts requesting personal information over the phone.

Free cruise or vacation offers.

Free medical test kits

Calls From Unknown Numbers

Do not pick up! Legitimate callers will leave a voicemail or send a text. Answering robocalls or spam calls increases your chances of receiving even more.

Search the number on the web along with the word "scam" to see if it's been reported before.

Do not respond to questions like, "Can you hear me?" A recorded "yes" from your voice can be twisted to mean you agreed to a purchase or charge.

Do not provide personal information or payment over the phone to an unverified caller.
