Queer Engagements with International Law Claerwen O'Hara,Tamsin Phillipa Paige,2024-10-21 This book explores times spaces and imaginings relating to international law through the lens of queer theory For some time now queer theorists and legal scholars who think with queer theory have asked what happens when queer theory moves out of its home base of gender and sexuality The chapters in this book begin to answer this question by applying insights from queer theory to a diverse array of international law topics from travaux pr paratoires and international judging to the environment oceans and outer space While some contributions maintain a focus on gender and sexual diversity all are characterised by a shift away from questions about LGBTIQ people towards wider discussions about power normality difference and liberation in international law Through these engagements the book demonstrates how queer theory can provide insights into a range of international law issues by allowing us to make strange the taken for granted and contributing to a broader practice of reading for difference rather than dominance The book engages with contemporary challenges in international law from the climate crisis to new military technologies such as automated naval vessels It also showcases the diversity of approaches to queering international law that are emerging with some authors drawing attention to the violence of neo colonial international law and others engaging in more utopian and reparative thinking This collection of queer theoretical engagements with international law will be invaluable to scholars of international law and international relations with an interest in critical approaches to these areas as well as to researchers activists and practitioners working in cultural gender queer and or postcolonial studies

Public Sociologies Reader Judith Blau,Keri E. Iyall Smith,2006-07-13 At an earlier time sociologists C Wright Mills W E Du Bois and Jane Addams loudly protested injustices and inequities in American society provided critiques and analyses of systems of oppression and challenged sociologists to be responsible critics and constructive commentators These giants of American sociology would have applauded the 2004 meetings of the American Sociological Association The theme of the

meetings Public Sociology presided over by President Michael Burawoy sparked lively debate and continues to be a spur for research and theory and a focal point of ongoing discussions about what sociology is and should be This volume advances these discussions and debates and proposes how they can be further sharpened and developed Some authors in this volume clarify the distinctive roles that Public Sociologists can play in the discipline in the classroom and in larger society Others provide critical analyses focusing for example on aspects of American society and institutions global corporate actors sweatshop practices international neoliberal organizations migration policies and U S environmental policies Others advance new ways of thinking about global interdependencies that include indigenous groups peasants as well as societies in industrialized and developing states and international organizations Still others propose visions of transformative processes and practices that are progressively affirmative even activist in the spirit of A Better World is Possible This volume provides an overview of some of the major debates in sociology today and places emphasis on the importance of human rights in the One globalized World we live in today Authors engage these debates with spirited enthusiasm and write exceptionally clearly about those topics that may be new to American readers
