**The Wrongs of the Right** Matthew W. Hughey, Gregory S. Parks, 2016-05-03 A dissection of the language of the far right showing the continued although masked biases inherent in their message [Political Power: Rand Paul and Ron Paul: Don't Tread on Me](#) Michael L. Frizell, 2015-11-17 The doctors Paul Ron and his son Rand are champions of constitutional government support low taxes and free markets and are staunchly pro America in their take on foreign policy matters But Ron an icon of the Libertarian movement and Rand an outspoken product of the Tea Party era are their own men and their influence on American politics cannot be denied This explosive volume collects the best selling Political Power Ron Paul by New York Times bestselling writer Marc Shapiro and Luciano Kars and Political Power Rand Paul by Michael Frizell and Joe Paradise with a new cover by Paradise **The Global Investigative Journalism Casebook** Mark Hunter, 2012

**Counterrevolution and Repression in the Politics of Education** Sean Noah Walsh, 2013-12-12 Counterrevolution and Repression in the Politics of Education revisits the ideas of Herbert Marcuse in order to examine how his observations on counterrevolution are applicable to present conditions in politics particularly those pertaining to the politics of education While Marcuse s influence in the academy has noticeably waned since its zenith in the late 1960 s his observations seem more relevant than ever especially in the current context of economic crises ideological polarization and a heightened disaffection with capitalism In particular this book focuses on how counterrevolution functions within the field of ideology manipulating the acquisition representation and exercise of reason in order to diminish the faculties of dissent and render utopian projects as the paramount political obscenity While we are most familiar with counterrevolution in its guise of bloodstained battlefields and ditches filled with the bodies of dissidents Marcuse alerts us to the decidedly ideological character of counterrevolution in late capitalism In advanced industrial society counterrevolution functions by converting the needs of the working class turning a potentially revolutionary segment of society into clients and supporters of the very system that oppresses them Furthermore the counterrevolution in the advanced industrial society is purely preemptive there is no revolution to be undone or turned back Starting from the foundation provided by Marcuse this book demonstrates how the tactics of counterrevolution have been applied in the present for the purpose of undermining criticism and dissent and how counterrevolution has intervened within the politics of reason In the last several years alone we have witnessed attempts by state powers to reorganize college and university curricula a heightened denigration of intellectuals and academics within political discourse pervasive encroachment of consumerism in the collegiate experience and the rapid expansion of online teaching By using Marcuse s ideas this book demonstrates that rather than unconnected and isolated these phenomena are unified by the counterrevolutionary strategy of limiting and obstructing the acquisition of reason for the final aim of narrowing the possibilities for dissent **Purging the Republican Party** Ronald T. Libby, 2013-11-22 This is the first book that explains the Tea Party s successful primary campaign against Republicans in Name Only RINOs Grassroots Tea Party

activists adopted this strategy in 2009 shortly after the movement emerged The first successful campaign occurred in upstate New York where the Tea Party defeated Dede Scozzafava a RINO running for congress in a Republican primary that only elected Republicans to office during the previous 100 years Armed with success they defeated conservative Utah Senator Bob Bennett an eighteen year veteran and then proceeded to defeat the popular Republican RINO governor of Florida Charlie Crist and elected the virtually unknown Tea Party candidate Marco Rubio This placed all Republicans on notice that if they do not follow conservative fiscal policies they could be primaried The Tea Party's goal is to take control of the Republican Party and return it to its original fiscal conservatism The Klansman's Son R. Derek Black, 2024-05-14 From the former

heir apparent to white nationalism The Klansman's Son is an astonishing memoir of a childhood built on fear of breaking from a community of hate When coded language and creeping authoritarianism spread the ideas of white nationalists this is an essential book with a powerful voice Derek Black was raised to take over the white nationalist movement in the United States Their father Don Black was a former Grand Wizard in the Ku Klux Klan and started Stormfront the internet's first white supremacist website Derek built the kids page David Duke was also their close family friend and mentor Racist hatred though often wrapped up in respectability was all Derek knew Then while in college in 2013 Derek publicly renounced white nationalism and apologized for their actions and the suffering that they had caused The majority of their family stopped speaking to them and they disappeared into academia convinced that they had done so much harm that there was no place for them in public life But in 2016 as they watched the rise of Donald Trump they immediately recognized what they were hearing the spread and mainstreaming of the hate they had helped cultivate and they knew that they couldn't stay silent This is a thoughtful insightful and moving account of a singular life with important lessons for our troubled times Derek can trace a uniquely insider account of the rise of white nationalism and how a child indoctrinated with hate can become an anti racist adult Few understand the ideology motivations or tactics of the white nationalist movement like Derek and few have ever made so profound a change **Neoreaction a Basilisk: Essays on and Around the Alt-Right** Elizabeth

Sandifer, 2017-12-10 A software engineer sets out to design a new political ideology and ends up concluding that the Stewart Dynasty should be reinstated A cult receives disturbing messages from the future where the artificial intelligence they worship is displeased with them A philosopher suffers a mental breakdown and retreats to China where he finds the terrifying abyss at the heart of modern liberalism Are these omens of the end times or just nerds getting up to stupid hijinks Por que no los dos Neoreaction a Basilisk is a savage journey into the black heart of our present eschaton We're all going to die and probably horribly But at least we can laugh at how completely ridiculous it is to be killed by a bunch of frog worshipping manchildren Featuring essays on Tentacled computer gods at the end of the universe Deranged internet trolls who believe women playing video games will end western civilization The black mass in which the President of the United States sacrificed his name Fringe economists who believe it's immoral for the government to prevent an asteroid from hitting

the Earth The cabal of lizard people who run the world How to become a monster that haunts the future Why infusing the blood of teenagers for eternal youth is bad and stupid

**The Marginal Revolutionaries** Janek Wasserman, 2019-09-24 A group history of the Austrian School of Economics from the coffeehouses of imperial Vienna to the modern day Tea Party The Austrian School of Economics a movement that has had a vast impact on economics politics and society especially among the American right is poorly understood by supporters and detractors alike Defining themselves in opposition to the mainstream economists such as Ludwig von Mises Friedrich Hayek and Joseph Schumpeter built the School's international reputation with their work on business cycles and monetary theory Their focus on individualism and deep antipathy toward socialism ultimately won them a devoted audience among the upper echelons of business and government In this collective biography Janek Wasserman brings these figures to life showing that in order to make sense of the Austrians and their continued influence one must understand the backdrop against which their philosophy was formed notably the collapse of the Austro-Hungarian Empire and a half century of war and exile

**Conspiracy Theories** Jeffrey B. Webb, 2024-04-04 Provides a comprehensive guide to the history and current shape of conspiracy theories in American life including the findings of research seeking to understand their origins type function and widespread appeal This all in one resource provides an accessible overview of conspiracy theories past and present in all their many forms Taking an even handed scholarly approach the book outlines the longer history of conspiracy theories starting with Ancient Greece and Rome and continuing the story up to the present day including analysis of 9 11 anti vaccine COVID and QAnon theories It surveys an array of current books and articles to try to understand why people believe in and act on outlandish and evidence free conspiracy theories Notably this resource also outlines the problems created by untrue conspiracy theories in terms of their negative impact on public debate trust in others and efforts to nurture an informed and educated citizenry Instead many conspiracy claims have become sources of misinformation cynicism and polarization This book will benefit anyone who seeks a pathway through our current epistemic crisis in which the lines between fact and fiction and between truth and falsehood have become blurred

**Free Speech and Koch Money** Ralph Wilson, Isaac Kamola, 2021-11-20 In recent years hundreds of high profile free speech incidents have rocked US college campuses Jordan Peterson Ben Shapiro Ann Coulter and other right wing speakers have faced considerable protest with many being disinvited from speaking These incidents are widely circulated as examples of the academy's intolerance towards conservative views But this response is not the spontaneous outrage of the liberal colleges There is a darker element manufacturing the crisis funded by political operatives and designed to achieve specific political outcomes If you follow the money at the heart of the issue lies the infamous and ultra libertarian Koch donor network Grooming extremist celebrities funding media platforms that promote these controversies developing legal organizations to sue universities and corrupting legislators the influence of the Koch network runs deep We need to abandon the campus free speech narrative and instead follow the money if we ever want to root out this dangerous network

from our universities      The 2012 Nomination and the Future of the Republican Party William J. Miller Jr.,2013-08-28 The 2012 Republican nomination process went on longer than most pundits predicted early on While Mitt Romney began the season as the prohibitive favorite he was tested repeatedly by what was seemingly the Republican flavor of the week including Michele Bachmann Herman Cain Rick Perry Newt Gingrich and Rick Santorum The sheer number of candidates who were viewed as legitimate contenders demonstrate the fundamental concern facing Republicans moving forward a fractured party The pro business Tea Party and evangelical Christian wings disagreed in 2010 on who would provide the best alternative to Democratic President Barack Obama and as a result created a crippling nomination period By the time Romney was able to claim victory he was severely wounded after countless attacks from his fellow Republicans To this internal discontent we can also add the changing national demographics that could lead to electoral problems for Republicans in their own right Consider that Mitt Romney did better with older white male voters than John McCain had Unfortunately the share of the national vote for this demographic decreased from 2008 to 2012 As Rand Paul stated recently the time has come for Republicans to reach out to individuals who do not fit the stereotyped Republican image if they have any hope of being successful In this volume we assess how the 2012 GOP nomination cycle is indicative of just how the Republican Party has become in the words of pundit Cuck Warren a Mad Men Party in a Modern Family World      **The New Right** Michael Malice,2019-05-14 The definitive firsthand account of the movement that permanently broke the American political consensus What do internet trolls economic populists white nationalists techno anarchists and Alex Jones have in common Nothing except for an unrelenting hatred of evangelical progressivism and the so called Cathedral from whence it pours forth Contrary to the dissembling explanations from the corporate press this movement did not emerge overnight nor are its varied subgroups in any sense interchangeable with one another As united by their opposition as they are divided by their goals the members of the New Right are willfully suspicious of those in the mainstream who would seek to tell their story Fortunately author Michael Malice was there from the very inception and in *The New Right* recounts their tale from the beginning Malice provides an authoritative and unbiased portrait of the New Right as a movement of ideas ideas that he traces to surprisingly diverse ideological roots From the heterodox right wing of the 1940s to the Buchanan Rothbard alliance of 1992 and all the way through to what he witnessed personally in Charlottesville The New Right is a thorough firsthand accounting of the concepts characters and chronology of this widely misunderstood sociopolitical phenomenon Today's fringe is tomorrow's orthodoxy As entertaining as it is informative *The New Right* is required reading for every American across the spectrum who would like to learn more about the past present and future of our divided political culture
