Chapter links in the margin provide quick cross referencing to show students the connections between topics. Practice and Proficiency: Mini and Practical cases present scenarios and questions to practice applying what you have learnt. Rigorous testing: between 30 and 40 Questions and Problems per chapter are categorised by topic and level of difficulty. Numbered maths equations and key notation boxes listing the variables and acronyms that will be encountered in each chapter designed to encourage mastery of Maths. Exam Questions designed to take 45 minutes and test you on material learned in a more formal exam style.
