123  
I worked in several departments and gained knowledge about all aspects of the business.  
I believe this job will allow me to acquire new skills and boost my earnings.  
My gap year in the States definitely improved my employability, and working for IBM certainly enhanced my CV.  
On my Business studies course I received tuition from practising managers and obtained experience on work placements.

Student A  
I wasn't a very motivated student when I was younger, so I failed my exams in 1999 and had to retake them the following summer. I'd already decided I wanted to take a gap year then go to business school, so this time I completed all the coursework and revised thoroughly. I passed easily. I spent a year abroad as an assistant in a secondary school and then went to business school - I'd already applied and successfully attended an interview before revising my exams.  
In my second year as an undergraduate, I spent a semester as an intern at Hewlett Packard, which was very rewarding. In fact, I went straight into a job at HP after I graduated the following June. They encouraged me to do a Master's degree by correspondence - I just have to finish writing a dissertation. I need a break now, but I may take a sabbatical to study for an MBA in a few years' time.

### 1.3 Grammar Tense review

123  
When I left school I wasn't sure what to do next. I had applied for a place at university, but while I was revising for my exams I had already decided that I didn't feel ready for university. I had read a lot about East Africa, and one day when I was watching a TV documentary about Ethiopia, I suddenly knew that that was where I was going. In fact it was while I was working with an NGO in Ethiopia that I became interested in business.

2 You see, if I make a commitment, I do my best to respect it.  
3 If by any chance the job were based in Kenya, I would take it anyway, even though I'd prefer to use my Amharic.

123  
In the short term, I hope (1) I'll become a department manager quite quickly. We expect a lot about research on the MBA, and (2) I'm going to put the theory into practice as soon as I can. On the personal front, (3) I'm getting married next June; over the next couple of years my fiancé (4) is going to write TV and movie scripts, so (5) he is going to be totally mobile and happy to move as necessary.
