A new chapter on streamlined cooking explains how to economize time, money, and ingredients and avoid waste. You will learn how to use a diverse array of ingredients, from amaranth to za'atar. New techniques include low-temperature and sous vide cooking, fermentation, and cooking with both traditional and electric pressure cookers. Barbecuing, smoking, and other outdoor cooking methods are covered in even greater detail. This new edition of Joy is the perfect combination of classic recipes, new dishes, and indispensable reference information for today's home cooks. Whether it is the only cookbook on your shelf or one of many, Joy is and has been the essential and trusted guide for home cooks for almost a century. This new edition continues that legacy.
