laid the foundations of American civil liberty and had a better understanding of problems facing Americans today than the current U S Congress

The Politically Incorrect Guide to the Presidents Steven F. Hayward,2012-02-13 Argues that the United States presidents of the past hundred years have actively sought to undermine the Constitution and their constitutional responsibilities and analyzes each presidency based on their adherence to the Constitution

Politically Incorrect Guide to the Constitution Kevin Gutzman,2007-06-11 The Constitution of the United States created a representative republic marked by federalism and the separation of powers Yet numerous federal judges led by the Supreme Court have used the Constitution as a blank check to substitute their own views on hot button issues such as abortion capital punishment and same sex marriage for perfectly constitutional laws enacted by We the People through our elected representatives Now The Politically Incorrect Guide to the Constitution shows that there is very little relationship between the Constitution as ratified by the thirteen original states more than two centuries ago and the constitutional law imposed upon us since then Instead of the system of state level decision makers and elected officials the Constitution was intended to create judges have given us a highly centralized system in which bureaucrats and appointed not elected officials make most of the important policies In The Politically Incorrect Guide to the Constitution Professor Kevin Gutzman explains how the Constitution Was understood by the founders who wrote it and the people who ratified it Follows the Supreme Court as it uses the fig leaf of the Constitution to cover its naked usurpation of the rights and powers the Constitution explicitly reserves to the states and to the people Slid from the Constitution s republican federal government with its very limited powers to an unrepublican judgeocracy with limitless powers How the Fourteenth Amendment has been twisted to use the Bill of Rights as a check on state power instead of on federal power as originally intended The radical inconsistency between constitutional law and the rule of law Contends that the judges who receive the most attention in history books are celebrated for acting against the Constitution rather than for it As Professor Gutzman shows constitutional law is supposed to apply the Constitution s plain meaning to prevent judges presidents and congresses from overstepping their authority If we want to return to the founding fathers vision of the Republic if we want the Constitution enforced in the way it was explained to the people at the time of its ratification then we have to overcome the received wisdom about what constitutional law is The Politically Incorrect Guide to the Constitution is an important step in that direction

Politically Incorrect Guide to Real American Heroes Brion McClanahan,2012-11-12 As presidential candidates sling dirt at each other America desperately needs a few real heroes Tragically liberal historians and educators have virtually erased traditional American heroes from history According to the Left the Founding Fathers were not noble architects of America but selfish demagogues And self made entrepreneurs like Rockefeller were robber barons and corporate polluters Instead of honoring great men from America s past kids today now idolize rock stars pro athletes and Hollywood celebrities In his new book The Politically Incorrect Guide to Real American Heroes author Brion McClanahan rescues the legendary deeds of the greatest Americans

and shows why we ought to venerate heroes like Captain John Smith adventurer Daniel Boone General Robert E Lee and many more The Politically Incorrect Guide to Real American Heroes not only resuscitates America's forgotten heroes but sheds light on the Left's most cherished figures including Franklin Delano Roosevelt and the Kennedys With biting wit and devastating detail McClanahan strikes back against the multicultural narrative peddled by liberal historians who make heroes out of pop culture icons and corrupt politicians In America's hour of peril McClanahan's book is a timely and entertaining call to remember the heritage of this great nation and the heroes who built it *The Politically Incorrect Guide to the British Empire* H. W. Crocker, III, 2011-10-24 Presents an irreverent and humorous look at the four hundred year history of the British empire **A Time to Clash** Doug Giles, 2007-11 **Politically Incorrect Guide to Socialism** Kevin D. Williamson, 2010-12-21 In The Politically Incorrect Guide to Socialism Kevin Williamson reveals the fatal flaw of socialism that efficient complex economies simply can't be centrally planned But even in America that hasn't stopped politicians and bureaucrats from planning to various extents the most vital sectors of our economy public education energy and the most arrogant central planning effort of them all Obama's healthcare plan In this provocative book Williamson unfolds the grim history of socialism showing how the ideology has spawned crushing poverty devastating famines and horrific wars Lumbering from one crisis to the next leaving a trail of economic devastation and environmental catastrophe socialism has wreaked more havoc caused more deaths and impoverished more people than any other ideology in history especially when you include the victims of fascism which Williamson notes is simply a variant of socialism **The Politically Incorrect Guide to Darwinism And Intelligent Design** Jonathan Wells, 2006-08-01 A non technical analysis of the controversial culture war over Darwin versus intelligent design states that there is no irrefutable evidence supporting Darwinism argues that Darwin based theories that are taught in school are not fact based and reveals how scientists at major universities believe in intelligent design Original [Politically Incorrect Guide to the Presidents, Part 2](#) Steven F. Hayward, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **Neo-Confederacy** Euan Hague, Heidi Beirich, Edward H. Sebesta, 2009-09-15 A century and a half after the conclusion of the Civil War the legacy of the Confederate States of America continues to influence national politics in profound ways Drawing on magazines such as Southern Partisan and publications from the secessionist organization League of the South as well as DixieNet and additional newsletters and websites Neo Confederacy probes the veneer of this movement to reveal goals far more extensive than a mere celebration of ancestry Incorporating groundbreaking essays on the Neo Confederacy movement this eye opening work encompasses such topics as literature and music the ethnic and cultural claims of white Anglo Celtic southerners gender and sexuality the origins and development of the movement and its tenets and ultimately its nationalization into a far reaching factor in reactionary conservative politics The first book length study of this powerful sociological phenomenon Neo Confederacy raises crucial questions about the mainstreaming of an ideology that founded on

notions of white supremacy has made curiously strong inroads throughout the realms of sexist homophobic anti immigrant and often orthodox Christian populations that would otherwise have no affiliation with the regionality or heritage traditionally associated with Confederate history **The Politically Incorrect Guide to Teenagers** Nigel

Latta, 2011-02-01 By popular demand New Zealand's most popular parenting writer has drawn on his extensive experience in family therapy and working with the country's most difficult teenagers to write the book that will save the sanity of parents everywhere Once you've negotiated the terrors of toddlerhood and the perils of primary school you think you've got a pretty good handle on this parenting thing then along comes Mother Nature with her horrible hormones and suddenly you're so far behind square one you're starting to wonder if this raging bundle of contradictions screaming at you was switched in the night by evil aliens With his now trademark humour and pragmatic common sense approach Nigel debunks the politically correct nightmare of perfect parenting and argues for sanity first yours and reclaiming the ground parents have lost in the great I'm my child's best friend debacle With international sales of BEFORE YOUR KIDS DRIVE YOU CRAZY READ THIS in Israel Portugal Spain Holland Italy and Russia a major marketing campaign for an Australian edition next year and a television series based on the first book in the pipeline Nigel Latta is building a solid reputation in this challenging field
