women of all races This chartered degree granting institution was then the only such institution with its doors open to all Then the only campus in America where one might observe a black or female regular undergraduate student was at Lexington Virginiaa sight never yet seen at Harvard Yale or even Princeton in the eighteenth century This noble idea unfortunately died when the universitys founder William Graham died His vision in this regard is but a part of his heretofore mostly unknown legacy Although unheralded he was nevertheless unquestionably the only educator in America who dared to prove that a black man if given the opportunity can succeed in securing a college education A powerful lesson that once learned remained a powerful and enduring truth *Public School Law Bulletin* Texas,1915 **Bulletin** ,1915
