Red Dwarf: Discovering the TV Series Tom

Salinsky,2024-11-30 Explores the unique journey of the long running British sitcom detailing its creation cast changes and enduring legacy through critical analysis and behind the scenes insights Red Dwarf is virtually unique among British sitcoms It began in 1988 and was still releasing new episodes in 2020 making it one of the longest running sitcoms of all time but the core cast has remained largely unchanged And its science fiction flavor contrasts strongly with the drawing rooms and sofas which were the norm when it launched and the fast cut mockumentary style which is popular today And yet this is a show which nobody wanted to make and which only barely made it to our screens at all In this work Tom Salinsky will look at exactly how it came to be who was considered for the cast but didn't make it how it was radically reinvented for the third sixth seventh ninth and tenth seasons how it survived the breakup of its key creative partnership the loss of the original spaceship models BBC strikes the departure of a major cast member and the seemingly self defeating rules which the writers imposed on themselves But this isn't just a behind the scenes account It's also a detailed critical analysis examining why the best episodes succeed and why the less impressive episodes struggle while also finding time to ask just how a hologram made of light can smell burning camphor wood why a creature evolved from a cat is familiar with Wilma Flintstone or just how long Lister and Kochanski were dating for How can all this possibly be contained in one book It can't Volume I will cover the first six series and Volume II will conclude the story of Red Dwarf on television as well as looking at the novels comic strips computer games and more Reference Guide to Science Fiction, Fantasy and Horror Michael Burgess, Lisa R.

a light hearted detailed and affectionate overview of the revitalised version of the classic STAR TREK Please note that it has not been updated since its original publication

Comedy was famously declared the new rock'n'roll in the early 90s. It includes case studies of Vic Reeves and Bob Mortimer and the sitcom writer Graham Linehan. It examines developments in sketch shows and the emergence of dark and cringe comedy and considers the politics of offence during a period in which Brass Eye, Sachsgate and Frankie Boyle provoked different kinds of media outrage. Programmes discussed include Vic Reeves' Big Night Out, Peep Show, Father Ted, The Mighty Boosh, The Fast Show and Psychoville. Cult British TV Comedy will be of interest to both students and fans of modern TV comedy. *The Cambridge Companion to John F. Kennedy* Andrew Hoberek, 2015-04-27. The Cambridge
