Red Hot Chili Peppers:

Fornication: The Red Hot Chili Peppers Story Jeff Apter, 2009-12-15 Here is the extreme story of the indestructible LA group from their early funk days to eventual success as one of America's top selling bands. Despite an epic reputation for exhibitionism, drug taking and debauchery, through it all the Chili Peppers have continued to produce records that shock, challenge and intrigue their fans. Author Jeff Apter has interviewed dozens of people, many speaking openly for the first time who have moved in and out of the Chili Peppers circle over the past three decades. He has spoken with former Chili Peppers, life long friends, classmates, family members, album producers and music business insiders as he plots the band's rise from Hollywood latchkey kids willing to test drive any drug or woman they could score to the camomile tea sipping superstars of today whose only true family is this band. Intimate, breathtaking and outrageous, this is the essence of the Red Hot Chili Peppers. I am struck with the moments of these photos, the feelings of the times they were taken and where we were at on our beautiful and happy/sad journey. It's pretty fucking heavy, actually like thinking how much we have changed over the years and all the different dynamics of our lives that shaped us and also realizing so clearly that nothing has changed at all, we're all still just trying to get it on, make something great.
