B79 Elvis Union 76 Gold Card

The item listed above is an original artifact directly from the archive of the Estate of Elvis Presley at Graceland. Most of the artifacts in this auction have never been seen by the public until now. Because of the historical significance of these items, particularly documents, preventative preservation is of great importance. Below are several guidelines that will help insure the lifetime of your artifact and your investment:

- Currently, every document has been deacidified and placed in mylar, a stable substance made of polyethylene.
- Never use common household plastic as a protective covering. Plastics can be a catalyst for mold and emit damaging toxins.
- Refrain from exposure to sunlight or direct spot lighting. Keep lights off when not viewing.
- Temperature and humidity fluctuations must be avoided! Preferably artifacts should be stored or displayed at 68 degrees Fahrenheit ($\pm 5^\circ$) and 45% relative humidity ($\pm 5\%$).
- Avoid touching documents, fabrics, and metals since repeated exposure to the oils and dirt will eventually disintegrate your artifact. A pair of white gloves has been included to be worn should you decide to remove the document from its protective mylar and acid-free matting.
- Should any damage occur to your artifact, you should immediately consult with a museum professional before any restoration is made. There is a golden rule for artifact care - never do anything that cannot be undone, including using glues, tapes, paints, or any other permanent substance.
- Additionally, and most importantly, any damage or wear and tear currently visible on your artifact should not be corrected. That is part of its history, most likely incurred from use by Elvis Presley, his manager, Col. Tom Parker, and/or Vernon Presley.

Report Lost Union 76 Gas Card:

The Price of Experience Randall Sullivan, 2025-09-30 Sullivan has done what every aspiring true crime writer hopes to do. He has crossed the line from titillation into cultural history. Los Angeles Times. The shocking story of Joe Hunt and the downfall of the Billionaire Boys Club from social investing group to Ponzi scheme to murderers told in a propulsive narrative by Randall Sullivan now updated with a new afterword and soon to be a CNN miniseries. When it first came to the public's attention in the fall of 1986 the story of the Billionaire Boys Club and its leader Joe Hunt, a young man labeled a yuppie by Charles Manson by the prosecutor, was splashed across headlines and TV screens throughout the nation. The story of rich kids' flagrant excess and multiple murders fascinated the American public, but deeper truths lay buried beneath. The saga was so complex that neither its scope nor its implications could be clearly discerned, that is, until *The Price of Experience* was published in 1996. A scholarship student with a strange father and a mysterious background, Joe was socially shunned at the ultra elite Harvard School in Los Angeles. By age twenty, however, Joe had made and lost 14 million on Chicago's commodities exchange. Back in L.A. he dazzled former classmates with his power and confidence, assembling them into the BBC Consolidated of North America Inc., part corporate empire and part private social club. Joe convinced the children of L.A.'s most powerful families that all the wealth, status, and power in the world was theirs for the taking. They gave him their trust funds and a loyalty he transformed into cultish devotion. Hunt and the BBC became the talk of L.A. not only for the meteoric rise that brought them control of more than 100 million in assets, but for the grisly murders connected to the group. As the group's deadly momentum increased and its business dealings spun out of control, BBC members began to talk, and eventually Hunt and four others were arrested on two counts of murder. In this utterly gripping narrative, award-winning journalist Randall Sullivan finally revealed the whole story. Now, in the new afterword, he returns to Joe Hunt, who has now been in prison for almost forty years and recounts the fates of his accomplices. This is a landmark true crime book with a diabolical but almost irresistibly seductive genius at its center.

The discovery by CHP Lieutenant Philip DiMarco of freshly dug graves in the Mojave Desert that bear the murderer's signature puts DiMarco in the middle of a nationwide manhunt by a task force of multiple law enforcement agencies for a militarily trained sociopath. The ensuing trail of murder leads to an intense cat and mouse game between the forces of good and evil, which becomes entangled in the politics of Washington DC. As the task force gets closer to the killer, only to be outmaneuvered and the death toll mounts, pressure intensifies from the highest levels of the federal government for his capture or termination. Frustrated with the lack of successful operations, Lieutenant DiMarco realizes the only avenue to
