underfunding organizational problems and a scarcity of post approval data about drugs risks and benefits have hampered the FDA's ability to evaluate and address the safety of prescription drugs after they have reached the market. Noting that resources and therefore efforts to monitor medications risk benefit profiles taper off after approval. The Future of Drug Safety offers a broad set of recommendations to ensure that consideration of safety extends from before product approval through the entire time the product is marketed and used.

Navigating Special Education Peggy Bud, Tamara Jacobson, 2024-06-01 This timely and innovative roadmap for parents, educators and administrators highlights the importance of effective communication methodology, appropriate correspondence and data collection recommendations. Effective communication is often missing from the IEP team's conversation. Navigating Special Education provides a foundation for building proactive positive partnerships that will lead to 21st century best practices for children. The 5 C Model of Communication: Conversation, Collaboration, Cooperation, Compromise and Consensus presented in Navigating Special Education helps to forge trusted alliances between school districts and families. Navigating Special Education draws upon the authors' 60 plus years of combined experience by using anecdotal evidence based real life scenarios. Templates for letter writing and extensive data collection. A user friendly appendix and glossary. As stakeholders wouldn't you like to have successful meetings where everyone's voice is heard, respected and understood? After reading Navigating Special Education, families, educational professionals, college students and special education organizations will be able to implement effective models of communication and build positive partnerships.
