

Jefferson Davis and Abraham Lincoln: Contrasts North and South

One of the greatest ironies of the American Civil War is that both Abraham Lincoln and Jefferson Davis were both born in Kentucky. The two men who would lead Americans in the most chaotic struggle in our history were born about a hundred miles apart. History records that Lincoln was born February 12, 1809, near Hodgenville, Kentucky in present day LaRue County. Davis was born June 3, 1808, in Christian, now Todd County, Kentucky.

These two men served as wartime leaders for four bloody years. From 1861 to 1865, Lincoln and Davis oversaw the fortunes and misfortunes of their respective nations. We may well wonder how much of Kentucky these men took with them in their very different lives.

Lincoln is still portrayed as the epitome of the simple man. Born to a log cabin of uneducated parents, he had very little formal education, yet went on to become the greatest president in the history of the United States. Davis on the other hand represents aspirations to Southern aristocracy. His family sent him to school in some of the best educational institutions in Kentucky. He attended Transylvania University in Lexington, where he learned the classics.

The contrast in Lincoln and Davis could not be more marked. Lincoln with little education had a natural genius that enabled him to overcome an economical deprived background. He studied law, and became successful in his chosen field. Although his family moved to Indiana, and then Lincoln himself moved to Springfield, Illinois, the citizens president of the United States never forgot his native state. In 1861 Lincoln married Mary Todd of Lexington, thus ensuring a continuing association with Kentucky.

The family of Jefferson Davis moved to Mississippi, where Davis became involved in cotton planting. As a plantation owner, and a former military man (he graduated from West Point in 1828), he became the ideal of a Southern gentleman. In 1846 Davis married Varina Howell of Natchez, Mississippi. His first wife had been the daughter of fellow Kentuckian, Zachary Taylor. In a strange twist of fate, Lincoln had married into the old Southern aristocracy of the Todd family of Lexington, Kentucky, while Davis had married aristocratic women of New Jersey ancestry.

An Oral History of Abraham Lincoln Michael Burlingame, 2006-01-24 John C Nicolay who had known Lincoln in Springfield Illinois served as chief White House secretary from 1861 to 1865 Trained as a journalist Nicolay had hoped to write a campaign biography of Lincoln in 1860 a desire that was thwarted when an obscure young writer named William Dean Howells got the job Years later however Nicolay fulfilled his ambition with John Hay he spent the years from 1872 to 1890 writing a monumental ten volume biography of Lincoln In preparation for this task Nicolay interviewed men who had known Lincoln both during his years in Springfield and later when he became the president of the United States When it came time to write their massive biography however Burlingame notes he and Hay made sparing use of the interviews because they had become skeptical about human memory Nicolay and Hay also feared that Robert Todd Lincoln might censor material that reflected poorly on Lincoln or his wife Nicolay had interviewed such Springfield friends as Lincoln s first two law partners John Todd Stuart and Stephen T Logan At the Illinois capital in June and July 1875 he talked to a number of others including Orville H Browning U S senator and Lincoln s close friend and adviser for over thirty five years and Ozias M Hatch Lincoln s political ally and Springfield neighbor Four years later he returned briefly and spoke with John W Bunn a young political insider from Springfield at the time Lincoln was elected president and once again with Hatch Browning shed new light on Lincoln s courtship and marriage telling Nicolay that Lincoln often told him that he was constantly under great apprehension lest his wife should do something which would bring him into disgrace while in the White House During their research Nicolay and Hay also learned of Lincoln s despondency and erratic behavior following his rejection by Matilda Edwards and they were

subsequently criticized by friends for suppressing the information Burlingame argues that this open discussion of Lincoln's depression of January 1841 is perhaps the most startling new information in the Springfield interviews Briefer and more narrowly focused than the Springfield interviews the Washington interviews deal with the formation of Lincoln's cabinet his relations with Congress his behavior during the war his humor and his grief In a reminiscence by Robert Todd Lincoln for example we learn of Lincoln's despair at General Lee's escape after the Battle of Gettysburg I went into my father's office and found him in much distress his head leaning upon the desk in front of him and when he raised his head there were evidences of tears upon his face Upon my asking the cause of his distress he told me that he had just received the information that Gen Lee had succeeded in escaping across the Potomac river To supplement these interviews Burlingame has included Nicolay's unpublished essays on Lincoln during the 1860 campaign and on Lincoln's journey from Springfield to Washington in 1861 essay's based on firsthand testimony

Lincoln, the Law, and Presidential Leadership Charles M. Hubbard, 2015-11-02 From his early years as a small town lawyer through his rise to the presidency Abraham Lincoln respected the rule of law Secession and the Civil War however led him to expand presidential power in ways that over time transformed American society In this incisive essay collection recognized scholars from a variety of academic disciplines including history political science legal studies and journalism explore Lincoln's actions as president and identify within his decision making process his commitment to law and the principles of the Constitution In so doing they demonstrate how wartime pressures and problems required that Lincoln confront the constitutional limitations imposed on the chief executive and they expose the difficulty and ambiguity associated with the protection of civil rights during the Civil War The volume's contributors not only address specific

situations and issues that assisted in Lincoln's development of a new understanding of law and its application but also show Lincoln's remarkable presidential leadership. Among the topics covered are civil liberties during wartime, presidential pardons, the law, and Lincoln's decision-making process. Lincoln's political ideology and its influence on his approach to citizenship, Lincoln's defense of the Constitution, the Union, and popular government, constitutional restraints on Lincoln as he dealt with slavery and emancipation, the Lieber codes which set forth how the military should deal with civilians and with prisoners of war, the loyalty or treason of government employees including Lincoln's domestic staff, and how Lincoln's image has been used in presidential rhetoric. Although varied in their strategies and methodologies, these essays expand the understanding of Lincoln's vision for a united nation grounded in the Constitution.

Lincoln the Law and Presidential Leadership shows how the sixteenth president's handling of complicated legal issues during the Civil War, which often put him at odds with the Supreme Court and Congress, brought the nation through the war intact and led to a transformation of the executive branch and American society. *Abraham Lincoln* Carl Schurz, 2022-10-27.
