Everything You Wanted to Know about Freelance Writing Paul Lima,2022-04-29 Everything You Wanted To Know About Freelance Writing combines two popular business of freelance writing books Business of Freelance Writing How to Develop Article Ideas and Sell Them to Newspapers and Magazines and The Six Figure Freelancer How to Find Price and Manage Corporate Writing Assignments How to Develop Article Ideas and Sell Them to Newspapers and Magazines shows you how to develop article ideas write query letters pitch your ideas to the right editor at the right publications and follow up on your queries It outlines everything you need to know to negotiate the sale of your work with editors who say yes to your ideas It also reveals how to conduct effective interviews and shows you a variety of ways to write article leads Focusing on writing material for businesses associations government agencies non profits and other organizations The Six Figure Freelancer demonstrates how to plan and market your way to freelance writing success in the lucrative corporate market Review One of the best things I have purchased for my business not counting my computer is Paul Lima s book Everything You Wanted to Know About Freelance Writing which is actually two books in one I highly recommend this book for new freelance writers to give them an idea of how to get started in freelance writing and for seasoned veterans because the tips in the book might trigger ideas that can have a positive impact on business Narratives of Qualitative Research Josh Tenenberg,2024-05-21 Narratives of Qualitative Research uses a novel form of writing about how to do qualitative research called a praxis narrative Each narrative is told from the author s perspective in carrying out one of his past research studies in the social sciences Told chronologically and in a first person voice the narratives position the reader alongside the narrator so as to vicariously experience how research happens in its situated particulars Rather than a set of idealizations and universalized pronouncements the author reveals what really goes on when one is in the thick of complex and challenging research studies the points of trouble along with the successes This will be relevant to researchers who have already undertaken one or more empirical research studies though not necessarily using qualitative approaches and now find themselves facing something new a new analytic method a new theoretical lens a new form of data collection a new domain of research questions a new rhetorical approach This requires letting go of the secure handholds of prescribed methods and

responding to the contingencies that arise in the midst of the research The reader is invited to follow along as the author makes visible his praxis of qualitative research Unlike more conventional texts in this unique alternative the reader can follow the author's journey through his research studies as a way to reorient their conception of qualitative research and their own praxis of it This is fascinating reading for qualitative researchers and students taking qualitative research courses across the social sciences education and behavioural sciences *The Quick Fix Guide to Academic Writing* Phillip C.
