"Censorship is the act of suppressing publications, movies, television programs, plays, letters, and so on that are considered to be obscene, blasphemous, or politically unacceptable" (MccGwire 4). Censorship should be enforced because it is needed into today's society. Censorship needs to be used in media, hate speech, and obscene material.

To begin with, the media has very [negative effect](#) on society as a whole. "The mass media—movies, television, and recordings—need to be regulated, and not only because of appeals to irresponsible lust"(Lowenthal 19). "They have immersed us in violence as well, habituated us to the most extreme brutality, held it up as a model and surrounded us by images of hateful human...[show more content...](#) It corrupts taste and poisons the imagination" (Kimball 20). [Violent video games](#), movies, and music lyrics influence people to retaliate against those people that hurt them. In the past few years there have been a great number of [school shootings](#). Free speech does not cover that" (Albano 31). "Those institutions most concerned with social fairness have proven to be the ones most likely to promulgate anti-hate-speech rules" (Albano 30). "Part of the reason seems to be recognition that hate speech can easily silence and demoralize its victims, discouraging them from participating in the life of the institution"(Albano 30). "If so, enacting hate-speech rules may be evidence of a commitment to democratic dialogue, rather than the opposite, as some their opponents maintain" (Albano 30). People should not have to put up with harassment by others. People should not have to constantly live in the state of fear because others are threatening them;
