The First Family Detail Ronald Kessler, 2014-08-05 NEW YORK TIMES BESTSELLER Ron Kessler appears to get everything first. As in a play, presidents, vice presidents, and presidential candidates perform onstage for the public and the media. What the nation's leaders are really like and what goes on behind the scenes remain hidden. Secret Service agents have a front row seat on their private lives and those of their wives and children. Crammed with new headline-making revelations, The First Family Detail by New York Times bestselling author Ronald Kessler tells that eye-opening uncensored story. The First Family Detail reveals Vice President Joe Biden regularly orders the Secret Service to keep his military aide with the nuclear football a mile behind his motorcade, potentially leaving the country unable to retaliate in the event of a nuclear attack. Secret Service agents discovered that former president Bill Clinton has a blond mistress code named Energizer by agents who lives near the Clintons home in Chappaqua, New York. The Secret Service covered up the fact that President Ronald Reagan's White House staff overruled the agency to let unscreened spectators get close to Reagan as he left the Washington Hilton, allowing John W. Hinckley Jr. to shoot the president. Because Hillary Clinton is so nasty to agents, being assigned to her protective detail is considered a form of punishment and the worst assignment in the Secret Service. Kessler's such a skilled storyteller you almost forget this is dead serious nonfiction. Newsweek In the President's Secret Service Ronald Kessler, 2009-08-04 After conducting exclusive interviews with more than one hundred current and former Secret Service agents, bestselling author and award-winning reporter Ronald Kessler reveals their secrets for the first time. Never before has a journalist penetrated the wall of secrecy that surrounds the U.S. Secret Service, that elite corps of agents who pledge to take a bullet to protect the president and his family. Kessler portrays the dangers that agents face and how they carry out their missions, from how they are trained to how they spot and assess potential threats. With fly-on-the-wall perspective, he captures the drama and tension that characterize agents' lives and reveals what they have seen, providing startling, previously untold stories about the presidents from John F. Kennedy and Lyndon Johnson to George W. Bush and Barack Obama, as well as about their families, Cabinet officers, and White House aides. The Trump White House Ronald Kessler, 2018-04-03 The unvarnished and unbiased inside story of President Donald Trump and his White House by New York Times bestselling author Ronald Kessler. Based on exclusive interviews with the president and his staff, The Trump White House: Changing the Rules of the Game tells the real story of what Donald Trump is like, who influences him, how he makes decisions, what he says about the people around him, and how he operates when the television lights go off while portraying the inside story of the successes that have already brought solid results, as well as the stumbles that have turned off even longtime supporters and undercut his agenda. The Trump White House reveals Trump aides Ivanka Trump and her husband Jared Kushner have been responsible for Trump's most disastrous decisions. Trump is aware that his daughter and son-in-law are problems and has hinted to them that they should go back to New York. Seeing Jared on TV, Trump said, "Look at Jared, he

looks like a little boy like a child First Lady Melania Trump has a tremendous impact on policy and strategy She sits in on meetings and is widely admired by aides for her judgment Kellyanne Conway is the No 1 White House leaker Trump s Secret Service Director Randolph Tex Alles proposed withdrawing protection from some Trump family members and aides to save money Horrified White House staffers shot down the idea Trump has told friends that billionaires are constantly asking him to fix them up with longtime Communications Director Hope Hicks a former model but he says he refuses Trump calls certain reporters directly feeding them stories attributed to a senior White House official creating the impression that the White House leaks even more than it already does Never before has an American president had so much impact on the country and the world in so short a time as Donald Trump Yet no president has stirred so much controversy dominating media coverage and conversation both pro and con Months after Trump took office consumer confidence hit a seventeen year high unemployment plummeted to the lowest level in seventeen years and the stock market zoomed to repeated record highs At the same time ISIS was nearly defeated Arab countries banded together to stop financing terrorists and promoting radical Islamic ideology and Trump s decision to send missiles into Syria because of its use of chemical weapons and his strident warnings to North Korean leader Kim Jong un made it clear to adversaries that they take on the United States at their peril Yet for all the media coverage Trump remains a cipher Ronald Kessler has known Trump and First Lady Melania Trump for two decades and understands him better than any other journalist The book includes an exclusive interview with Trump the only interview he says he has given or will give for a book as president Crammed with media grabbing revelations The Trump White House is the unvarnished and unbiased inside story that answers the question Who is Donald Trump **The Bureau** Ronald Kessler,2003-07-13 Now with updated information since its hardcover release in May 2001 Kessler s detailed history of the Federal Bureau of Investigation reveals why the FBI was unprepared for the attacks of September 11th and how the FBI is combating terrorism today Martin s Press *Inside the White House* Ronald Kessler,1996 Investigative reporter Ronald Kessler created a media buzz with this insider s expose of the modern presidencies And this revised and updated paperback edition contains the latest revelations on Whitewater and sexual harrassment allegations against Clinton **In the President's Secret Service** Ronald Kessler,2010-08-03 After conducting exclusive interviews with more than one hundred current and former Secret Service agents bestselling author and award winning reporter Ronald Kessler reveals their secrets for the first time Never before has a journalist penetrated the wall of secrecy that surrounds the U S Secret Service that elite corps of agents who pledge to take a bullet to protect the president and his family Kessler portrays the dangers that agents face and how they carry out their missions from how they are trained to how they spot and assess potential threats With fly on the wall perspective he captures the drama and tension that characterize agents lives and reveals what they have seen providing startling previously untold stories about the presidents from John F Kennedy and Lyndon Johnson to George W Bush and Barack Obama as well as about their families Cabinet officers and White House aides

**Reasons Why I am No Longer A Democrat!** Dr. Glenn Pinckney Sr,2016-11-21 This book is written in this manner size and style to easily show the biblical relevance of our civic actions as well as improving our daily relationship with our Lord My utmost desire is that Born Again Believers embrace the truth of Christ like living not religiously but in reality A reality that transcends tradition customs and we ve always done it this way kind of thinking I grew up in the South where traditions and customs run deep However God s Word inspired me to think about many of these customs For example many Southern Black people regardless of academic achievements pronounces the word ask as axe without thinking about why Also many vote for Democrats their entire lives without any regard to the Democratic Party s Platform the Candidate s stand on abortion homosexuality lesbianism or any other social issues Yet on Sundays they will worship and praise God Then on Tuesdays they will vote in direct contradiction to the very God they worshipped and praised just a few days before We simply vote as Democrats as if it s in our DNA not giving thought to how our vote will enable the enemy of our soul to move against our

beliefs our church even our Salvation Is that biblically correct Well as Believers in Jesus the Redeemer of mankind our DNA has been transformed Shouldn t we reflect that change in our daily lives as well as in our civic responses to social issues in our community and our country It is my prayer that the reader will get answers to these and other questions that confront a child of God traveling through this journey of life with the Savior     *Survivor's Guilt* Vincent Palamara,2013-10-01

Painstakingly researched by an authority on the history of the Secret Service and based on primary firsthand accounts from more than 80 former agents White House aides and family members this is the definitive account of what went wrong with John F Kennedy s security detail on the day he was assassinated The work provides a detailed look at how JFK could and should have been protected and debunks numerous fraudulent notions that persist about the day in question including that JFK ordered agents off the rear of his limousine demanded the removal of the bubble top that covered the vehicle and was difficult to protect and somehow directly or indirectly made his own tragic death easier for an assassin or assassins This book also thoroughly investigates the threats on the president s life before traveling to Texas the presence of unauthorized Secret Service agents in Dealey Plaza the site of the assassination the failure of the Secret Service in monitoring and securing the surrounding buildings overhangs and rooftops and the surprising conspiratorial beliefs of several former agents An important addition to the canon of works on JFK and his assassination this study sheds light on the gross negligence and in some cases seeming culpability of those sworn to protect the president     *The Secrets of the FBI* Ronald Kessler,2011-08-02 New York Times bestselling author reveals the FBI s most closely guarded secrets with an insider look at the bureau s inner workings and intelligence investigations Based on inside access and hundreds of interviews with federal agents the book presents an unprecedented authoritative window on the FBI s unique role in American history From White House scandals to celebrity deaths from cult catastrophes to the investigations of terrorists stalkers Mafia figures and spies the FBI becomes involved in almost every aspect of American life Kessler shares how the FBI caught spy Robert Hanssen in its midst as well as how the bureau breaks into homes offices and embassies to plant bugging devices without getting caught With revelations about the raid on Osama bin Laden s compound the recent Russian spy swap Marilyn Monroe s death Vince Foster s suicide and even J Edgar Hoover *The Secrets of the FBI* presents headline making disclosures about the most important figures and events of our time     *Protecting the Presidential Candidates* Mel Ayton,2021-11-24 Protecting the Presidential Candidates is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles from JFK to Biden It is also the first book of its kind to tell the story of the role of state troopers and private bodyguards in protecting presidential candidates Protection for candidates changed and evolved from the free wheeling style of the 1950s and early 1960s which afforded presidential candidates little or no protection to the growth of bodyguard personnel increased intelligence facilities and state of the art technology employed today to keep the candidates safe Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place

themselves between a presidential candidate and a would be attacker In the milieu in which the Secret Service operates bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters rode in open top cars and made sudden but risky changes to their schedules oblivious to the fact that in every campaign there have been people stalking candidates with ill intent Many stories revealed in Protecting the Presidential Candidates have remained largely hidden from the public some buried in newspaper archives and others in oral histories presidential libraries or official government documents The author draws on numerous sources including FBI files presidential biographies vice presidential biographies civilian bodyguard memoirs Secret Service agent memoirs White House staff memoirs and more so that these stories can now be told The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them Some candidates were so trusting of their bodyguards they embraced them as part of an inner circle of advisers Bodyguards have also witnessed embarrassing moments in a candidate s campaign and how intrusive they have been at the most delicate of moments The president s day is your day one agent said Nobody sees the president the way an agent does     *At the Breaking Point of History* Janet Phelan,2021-09-14 Today we find ourselves embroiled in the midst of a pandemic one which has collapsed economies caused death by starvation and has resulted in severe new restrictions on civil rights in the US and elsewhere Numerous medical professionals and researchers are questioning the genesis of the Covid 19 agent whether or not it was bioengineered and deliberately released and are also questioning the course taken to shut down whole countries and demand that people stay at home Questions have also been raised as to the verifiability of the numbers alleged to have died from this novel coronavirus pointing to dictates from the CDC to list deaths not directly caused by the virus as virus caused deaths In the midst of this chaos these articles written long before the Covid 19 pandemic point to a monstrous political agenda implicating media government and foreign nations in the plan to launch this As the country begins to reopen the trajectory of these articles should result in grave concern for what the future may hold     **Im Secret Service** Ronald Kessler,2010-03-15 Nie zuvor wurde das Schweigen gebrochen das den Secret Service bislang umgab diese Einheit von Eliteagenten die den US Pr sidenten und seine Familie unter Einsatz des eigenen Lebens besch tzen Der mehrfach preisgekr nte Journalist und Bestsellerautor Ronald Kessler hat exklusive Interviews mit ber hundert ehemaligen und jetzigen Agenten des Secret Service gef hrt und enth llt in diesem Buch zum ersten Mal ihre Geheimnisse     **Not-So-Secret Service** Vincent Palamara,2017-04-21 While there haven t been many Secret Service related books about U S presidents the ones still in print and even those long out of print are often sanitized memoirs of a politically correct nature or tell all tabloid historical junk meant merely for entertainment purposes The Not So Secret Service provides the facts with the bark off so to speak and reveals politically incorrect information of a decidedly unsafe nature It may be controversial and against the grain but this book is heavily documented and timely as the Secret Service guards our political candidates foreign dignitaries and of course
