What Rosetta Stone Spanish Won't Tell You - Learn That Language Now Robertson Kunz,2012-12-24

Want to learn the quickest easiest and most efficient way to learn a language to fluency Don't waste any more time and money with classes textbooks audio courses computer programs and other materials until you have read this Coming from 10 years of experience and having already shown thousands of language learners the right way to learn languages Read on to learn the secrets they don't give you in class Life is good for me I am fluent in several languages and conversational in many more I have friends I speak to on a daily basis who don't speak a word of English My language ability has opened career doors and made immediate friends out of strangers Better yet I receive enjoyment out of using my languages daily in meeting people watching movies and reading my favorite books How was I able to learn a foreign language so fluently in such a short period of time Let me give you a hint it's not because I'm a genius spend 10 hours a day studying or have some gift for learning languages It's because I developed a METHOD that will allow you to IMMEDIATELY Learn new words and phrases quicker than you ever have before and not worry about forgetting them Speak without a single error Natives will be scratching their heads wondering why you speak so much better than the other foreigners Be able to study the language without getting bored ever No more painful language learning Become fluent quicker than anyone you know I'm sure you know of people who have studied a language for a couple or more years Now you can be fluent well within that time Surprisingly the best easiest and quickest way to learn a language is not written in those textbooks audio programs computer programs or other materials In fact most of the time they advocate a painful hard way to get to fluency What I've learned in the past 10 years is it doesn't have to be painful or long This isn't to say those materials

are completely useless but if you want to gain from them as quickly and efficiently as possible you need to incorporate them into a larger plan I wrote this book to stop others from making the same mistakes I did when I started to learn languages I wrote it to show the fastest quickest and most efficient way to learn languages so that you don't waste a single minute or dollar I've read a lot of material about language learning and used a lot of different methods I've discovered what works and what doesn't Everything I've written in my book is the tips secrets and method that I've found to actually work to get me to fluency in the shortest period of time You won't find any ridiculous ideas here like subliminal learning while you sleep Everything here has been tested by me from scratch and is from real world experience I have personally invested 10 years and thousands of dollars on learning the best most efficient way to learn languages I wish that I could have been able to buy the knowledge and information presented in this book when I first started out It could have saved me a lot of trouble time and money Many people spend thousands of dollars or more on audio programs textbooks classes and other language learning materials What if this book saved you from wasting money on even one of those If this book saved you even just one hundred hours of studying what would that be worth to you Probably a lot more than the cost of this book A lot of people start out learning a language and then give up somewhere in the middle never reaching fluency and wasting all the energy time and money they spent getting somewhere in the middle Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently
