Roy L Brooks Book:

Atonement and Forgiveness Roy L. Brooks, 2004-10-07 Roy L Brooks reframes one of the most important controversial and misunderstood issues of our time in this far reaching reassessment of the growing debate on black reparation *Atonement and Forgiveness* shifts the focus of the issue from the backward looking question of compensation for victims to a more forward looking racial reconciliation Offering a comprehensive discussion of the history of the black redress movement this book puts forward a powerful new plan for repairing the damaged relationship between the federal government and black Americans in the aftermath of 240 years of slavery and another 100 years of government sanctioned racial segregation Key to Brooks s vision is the government s clear signal that it understands the magnitude of the atrocity it committed against an innocent people that it takes full responsibility and that it publicly requests forgiveness in other words that it apologizes The government must make that apology believable Brooks explains by a tangible act that turns the rhetoric of apology into a meaningful material reality that is by reparation Apology and reparation together constitute atonement Atonement in turn imposes a reciprocal civic obligation on black Americans to forgive which allows black Americans to start relinquishing racial resentment and to begin trusting the government s commitment to racial equality Brooks s bold proposal situates the argument for reparations within a larger international framework namely a post Holocaust vision of government responsibility for genocide slavery apartheid and similar acts of injustice *Atonement and Forgiveness* makes a passionate convincing case that only with this spirit of heightened morality identity egalitarianism and restorative justice can genuine racial reconciliation take place in America

Diversity Judgments Roy Lavon Brooks, 2021 **Reconciliation and Repair** Melissa Schwartzberg, Eric Beerbohm, 2023-05-02 Features contributions that respond to deep challenges to social cohesion from racial injustice In the latest installment of the NOMOS series a distinguished group of interdisciplinary scholars explore the erosion and potential rebuilding of civic bonds in response to injustice wrongdoing and betrayal Contributors address the possibility of reconciliation and repair drawing on cutting edge insights from the fields of political science philosophy and law Nine timely essays explore our pivotal moment in history from the question of reparations for slavery to the from the art and impact of the public apology The editors of this volume encourage us to not only examine the roots of mistrust but also to imagine a collective way forward particularly as we face the continuing threat of the COVID 19 pandemic *Reconciliation and Repair* provides thought provoking perspectives in an age where they are desperately needed

Making Whole what Has Been Smashed John Torpey, 2006 This book explores the recent spread of political efforts to rectify past injustices Although it recognizes that reparations campaigns may lead to improved well being of victims and to reconciliation among former antagonists it examines the extent to which concern with the past may depart from the future orientation of progressive politics **Politics and the Past** John Torpey, 2004-09-01 *Politics and the Past* offers an original multidisciplinary exploration of the growing public controversy over reparations for historical injustices Demonstrating that

reparations politics has become one of the most important features of international politics in recent years the authors analyze why this is the case and show that reparations politics can be expected to be a major aspect of international affairs in coming years In addition to broad theoretical and philosophical reflection the book includes discussions of the politics of reparations in specific countries and regions including the United States France Latin America Japan Canada and Rwanda The volume presents a nuanced historically grounded and critical perspective on the many campaigns for reparations currently afoot in a variety of contexts around the world All readers working or teaching in the fields of transitional justice the politics of memory and social movements will find this book a rich and provocative contribution to this complex debate

Elite White Men Ruling Joe Feagin, Kimberley Ducey, 2017-04-07 This book examines the who what when where and how of elite white male dominance in U S and global society In spite of their domination in the United States and globally that we document herein elite white men have seldom been called out and analyzed as such They have received little to no explicit attention with regard to systemic racism issues as well as associated classism and sexism issues Almost all public and scholarly discussions of U S racism fail to explicitly foreground elite white men or to focus specifically on how their interlocking racial class and gender statuses affect their globally powerful decisionmaking Some of the power positions of these elite white men might seem obvious but they are rarely analyzed for their extraordinary significance While the principal focus of this book is on neglected research and policy questions about the elite white male role and dominance in the system of racial oppression in the United States and globally because of their positioning at the top of several societal hierarchies the authors periodically address their role and dominance in other oppressive e g class gender hierarchies

Redress for Historical Injustices in the United States Michael T. Martin, Marilyn Yaquinto, 2007-07-16 A collection of seminal essays that examines the arguments in favor of the redress movement in the United States Remembering Air India Chandrima Chakraborty, Amber Dean, Angela Failler, 2022-09-02 On June 23 1985 the bombing of Air India Flight 182 killed 329 people most of them Canadians Today this pivotal event in Canada's history is hazily remembered yet certain interests have shaped how the tragedy is woven into public memory and even exploited to advance a strategic national narrative Remembering Air India insists that we remember Air India otherwise This collection investigates the Air India bombing and its implications for current debates about racism terrorism and citizenship Drawing together academic analysis testimony visual arts and creative writing this innovative volume tenders a new public record of the bombing one that shows how important creative responses are for deepening our understanding of the event and its aftermath Contributions by Cassel Busse Chandrima Chakraborty Amber Dean Rita Kaur Dhamoon Angela Failler Teresa Hubel Suvir Kaul Elan Marchinko Eisha Marjara Bharati Mukherjee Lata Pada Uma Parameswaran Sherene H Razack Ren e Sarojini Saklikar Maya Seshia Karen Sharma Deon Venter Padma Viswanathan **Carnivalizing Reconciliation** Hanna Teichler, 2021-10-15 Transitional justice and national inquiries may be the most established means for coming to terms with traumatic legacies

but it is in the more subtle social and cultural processes of memory work that the pitfalls and promises of reconciliation are laid bare This book analyzes within the realms of literature and film recent Australian and Canadian attempts to reconcile with Indigenous populations in the wake of forced child removal As Hanna Teichler demonstrates their systematic emphasis on the subjectivity of the victim is problematic reproducing simplistic narratives and identities defined by victimization Such fictions of reconciliation venture beyond simplistic narratives and identities defined by victimization offering new opportunities for confronting painful histories

The Politics of Reparations and Apologies Stephanie Wolfe, 2013-11-21 The Politics of Reparations and Apologies examines the evolution and dynamics of reparation politics and justice The volume introduces the key concepts theories and terms associated with social movements and in particular the redress and reparation movement RRM Drawing from RRM s that have their foundation in World War II the German genocides the United States internments and the Japanese comfort women system the volume explores each case study s relative success or failure in achieving its goals and argues that there are overarching trends that can explain success and failure more generally in the RRM movement Using the backdrop of international criminal law and normative concepts of reparations the volume establishes and analyzes the roles of reparations and apologies in obtaining transitional justice In each case study there is a detailed rundown of the political actions that were attempted to obtain redress and reparation for the victims of how successful the attempts were and of the crucial factors which influenced the relative success or failure Crucially the volume offers a comparative framework of the actions that contribute to a successful outcome for transitional justice With the increasing normative expectation of justice in post conflict situations this volume is a valuable resource for researchers in international affairs human rights political science and conflict studies

Knowledge and Acknowledgement in the Politics of Memory of the Armenian Genocide Vahagn Avedian, 2018-10-08 Is the Armenian Genocide a strictly historical matter If that is the case why is it still a topical issue capable of causing diplomatic rows and heated debates The short answer would be that the century old Armenian Genocide is much more than a historical question It emerged as a political dilemma on the international arena at the San Stefano peace conference in 1878 and has remained as such into our days The disparity between knowledge and acknowledgement mainly ascribable to Turkey s official denial of the genocide has only heightened the politicization of the Armenian question Thus the memories of the WWI era refuse to be relegated to the pages of history but are rather perceived as a vivid presence This is the result of the perpetual process of politics of memory The politics of memory is an intricate and interdisciplinary negotiation engaging many different actors in the society who have access to a wide range of resources and measures in order to achieve their goals By following the Armenian question during the past century up to its Centennial Commemoration in 2015 this study aims to explain why and how the politics of memory of the Armenian Genocide has kept it as a topical issue in our days

Learning from the Germans Susan Neiman, 2019-08-27 As an increasingly polarized America fights over the legacy of racism Susan Neiman author of the contemporary philosophical

classic *Evil in Modern Thought* asks what we can learn from the Germans about confronting the evils of the past In the wake of white nationalist attacks the ongoing debate over reparations and the controversy surrounding Confederate monuments and the contested memories they evoke Susan Neiman's *Learning from the Germans* delivers an urgently needed perspective on how a country can come to terms with its historical wrongdoings Neiman is a white woman who came of age in the civil rights era South and a Jewish woman who has spent much of her adult life in Berlin Working from this unique perspective she combines philosophical reflection personal stories and interviews with both Americans and Germans who are grappling with the evils of their own national histories Through discussions with Germans including Jan Philipp Reemtsma who created the breakthrough Crimes of the Wehrmacht exhibit and Friedrich Schorlemmer the East German dissident preacher Neiman tells the story of the long and difficult path Germans faced in their effort to atone for the crimes of the Holocaust In the United States she interviews James Meredith about his battle for equality in Mississippi and Bryan Stevenson about his monument to the victims of lynching as well as lesser known social justice activists in the South to provide a compelling picture of the work contemporary Americans are doing to confront our violent history In clear and gripping prose Neiman urges us to consider the nuanced forms that evil can assume so that we can recognize and avoid them in the future

Telling It Like It Wasn't Catherine Gallagher,2024-05-31 Inventing counterfactual histories is a common pastime of modern day historians both amateur and professional We speculate about an America ruled by Jefferson Davis a Europe that never threw off Hitler or a second term for JFK These narratives are often written off as politically inspired fantasy or as pop culture fodder but in *Telling It Like It Wasn't* Catherine Gallagher takes the history of counterfactual history seriously pinning it down as an object of dispassionate study She doesn't take a moral or normative stand on the practice but focuses her attention on how it works and to what ends a quest that takes readers on a fascinating tour of literary and historical criticism Gallagher locates the origins of contemporary counterfactual history in eighteenth century Europe where the idea of other possible historical worlds first took hold in philosophical disputes about Providence before being repurposed by military theorists as a tool for improving the art of war In the next century counterfactualism became a legal device for deciding liability and lengthy alternate history fictions appeared illustrating struggles for historical justice These early motivations for philosophical understanding military improvement and historical justice are still evident today in our fondness for counterfactual tales Alternate histories of the Civil War and WWII abound but here Gallagher shows how the counterfactual habit of replaying the recent past often shapes our understanding of the actual events themselves The counterfactual mode lets us continue to envision our future by reconsidering the range of previous alternatives Throughout this engaging and eye opening book Gallagher encourages readers to ask important questions about our obsession with counterfactual history and the roots of our tendency to ask What if

Power and the Past Eric Langenbacher, Yossi Shain, 2010-01-29 Only recently have international relations scholars started to seriously examine the influence of collective memory on foreign policy formation and relations between states and peoples The ways in which the memories of past events are interpreted misinterpreted or even manipulated in public discourse create the context that shapes international relations Power and the Past brings together leading history and international relations scholars to provide a groundbreaking examination of the impact of collective memory This timely study makes a contribution to developing a theory of memory and international relations and also examines specific cases of collective memory's influence resulting from the legacies of World War II the Holocaust and September 11 Addressing concerns shared by world leaders and international institutions as well as scholars of international studies this volume illustrates clearly how the memory of past events alters the ways countries interact in the present how memory shapes public debate and policymaking and how memory may aid or more frequently impede conflict resolution Racial Reconciliation and the Healing of a Nation Austin Sarat, Charles J. Ogletree, 2017-10-24 The work at hand for bridging the racial divide in the United States From Baltimore and Ferguson to Flint and Charleston the dream of a post racial era in America has run up against the continuing reality of racial antagonism Current debates about affirmative action multiculturalism and racial hate speech reveal persistent uncertainty and ambivalence about the place and meaning of race and especially the black white divide in American culture They also suggest that the work of racial reconciliation remains incomplete Racial Reconciliation and the Healing of a Nation seeks to assess where we are in that work examining sources of continuing racial antagonism among blacks and whites It also highlights strategies that promise to promote racial reconciliation in the future Rather than revisit arguments about the importance of integration assimilation and reparations the contributors explore previously unconsidered perspectives on reconciliation between blacks and whites Chapters connect identity politics the rhetoric of race and difference the work of institutions and actors in those institutions and structural inequities in the lives of blacks and whites to our thinking about tolerance and respect Going beyond an assessment of the capacity of law to facilitate racial reconciliation Racial Reconciliation and the Healing of a Nation challenges readers to examine social political cultural and

psychological issues that fuel racial antagonism as well as the factors that might facilitate racial reconciliation *Freedom and Democracy in an Imperial Context* Robert Nichols, Jakeet Singh, 2014-03-26 *Freedom and Democracy in an Imperial Context* Dialogues with James Tully gathers leading thinkers from across the humanities and social sciences in a celebration of and critical engagement with the recent work of Canadian political philosopher James Tully Over the past thirty years James Tully has made key contributions to some of the most pressing questions of our time including interventions in the history of moral and political thought contemporary political philosophy democracy citizenship imperialism recognition and cultural diversity In 2008 he published *Public Philosophy in a New Key* a two volume work that promises to be one of the most influential and important statements of legal and political thought in recent history This work along with numerous other books and articles is foundational to a distinctive school of political thought influencing thinkers in fields as diverse as Anthropology History Indigenous Studies Law Philosophy and Political Science Critically engaging with James Tully's thought the essays in this volume take up what is his central and ever more pressing question how to enact democratic practices of freedom within and against historically sedimented and actually existing relationships of imperialism *All Deliberate Speed* Charles J. Ogletree Jr., 2016-02-29 An effective blend of memoir history and legal analysis Christopher Benson Washington Post Book World In what John Hope Franklin calls an essential work on race and affirmative action Charles Ogletree Jr tells his personal story of growing up a Brown baby against a vivid pageant of historical characters that includes among others Thurgood Marshall Martin Luther King Jr Earl Warren Anita Hill Alan Bakke and Clarence Thomas A measured blend of personal memoir exacting legal analysis and brilliant insight Ogletree's eyewitness account of the legacy of *Brown v Board of Education* offers a unique vantage point from which to view five decades of race relations in America **The Age of Apology** Mark Gibney, 2008 In *The Age of Apology* twenty two law politics and human rights scholars explore the legal political social historical moral religious and anthropological aspects of Western apologies **How Blacks Built America** Joe R. Feagin, 2015-07-30 *How Blacks Built America* examines the many positive and dramatic contributions made by African Americans to this country over its long history Almost all public and scholarly discussion of African Americans accenting their distinctive societal position especially discussion outside black communities has emphasized either stereotypically negative features or the negative socioeconomic conditions that they have long faced because of systemic racism In contrast Feagin reveals that African Americans have long been an extraordinarily important asset for this country Without their essential contributions indeed there probably would not have been a United States This is an ideal addition to courses race and ethnicity courses
