 Evan Mandery, 2025-03-18 Hailed as a staggering portrait of inequality in America Philip Dray *Poison Ivy* tells the bigger
 seedier story of how elite colleges create paths to admission available only to the wealthy despite rhetoric to the contrary In
 a lively and trenchant Washington Monthly account Evan Mandery a Harvard graduate and current professor at a public
 college that serves low and middle income students reveals how tacit agreements between exclusive Ivy plus schools and
 white affluent suburbs create widespread de facto segregation And as a college degree continues to be the surest route to
 upward mobility the inequality bred in our broken higher education system is now a principal driver of skyrocketing income
 inequality Mandery contrasts the lip service paid to opportunity by so many elite colleges and universities with schools that
 actually walk the walk Now in an accessible paperback format *Poison Ivy* is a no holds barred takedown Forbes that
 synthesizes fascinating insider information on everything from how students are evaluated unfair tax breaks and
 questionable fundraising practices to suburban rituals testing tutoring tuition schemes and more This bold provocative
 indictment of America's elite colleges shows us exactly what's at stake and what will be possible if we muster the collective
