The Prospector Willis Steell, 1912 **The Prospector** Ralph Connor, 1904 *The Prospector; A Tale of the Crow's Nest Pass* Ralph Connor, 2023-02-11 Reproduction of the original *The Tomb of Tutankhamun Vol. I* Howard Carter, 2014-11-20

Let me try and tell the story of it all It will not be easy for the dramatic suddenness of the initial discovery left me in a dazed condition and the months that have followed have been so crowded with incident that I have hardly had time to think Among the hundreds of books written about ancient Egypt and Tutankhamen you won't find an equal to Howard Carter's powerful book about his discovery His great work in many ways remained unfinished He left us however this remarkable document of discovery The book is Carter's personal story of the greatest adventure of his life one that has not been surpassed in nearly a century of archaeology In 1904 retired American lawyer Theodore Davis famously declared that The Valley of the Kings in Thebes had given up all of its secrets leaving nothing more to be discovered He relinquished his exclusive rights to dig in The Valley But as Howard Carter states in this volume The history of The Valley has never lacked the dramatic element Some 18 years later Carter made the richest archaeological discovery in history within yards of where Davis had dug The world immediately became obsessed with everything Tutankhamen From architecture to household goods to fashion a early 20th century surge in fascination with ancient Egypt took hold across the globe Howard Carter too had been obsessed with finding Tut The discovery would consume the rest of Carter's life After becoming known to the world Howard Carter died in relative obscurity in 1939 This is not a dry scientific treatment of the excavation or the artifacts What he imparts with this book is a sense of excitement wonder and mystery set expertly into a concise context of history and Egyptology captivating layperson and specialist alike young or old Intertwining notes on Egyptian gods religion mythology and magic Carter spins an alluring real life tale setting the context for Egyptian history and Tutankhamun For the first time this amazing work is available for Kindle With a new Introduction and updated footnotes you'll have more context to follow this book than Carter's original readers did Much information that was yet to be understood or discovered in 1922 is included in the Introduction Care has been taken to create a well formatted book for Kindle It includes images from the original publication You can even take it with you on your smartphone if you have the Kindle app installed and then refer to it while visiting the Tutankhamun exhibit in one of the cities it visits in North America Remember to LOOK INSIDE by clicking the cover image in the upper left of this page Buy this book today and you'll read it again and again
