 In civic engagement, issues of public concern are crucial. Civic engagement includes individual or group activities to protect public interests and change the way the community values itself. For example, if you are protesting against any unjust decision of the local municipality such as raising taxes or an act that might work against people's interests, you are civically engaged and your action is considered a civic engagement. This protest can be done in different ways such as organizing rallies, collecting signatures, making human chains, writing petitions, etc. You can also help control traffic in front of a school, help children to cross the roads, work in a team to clean a park or a sea beach. You can also give some services to elderly people. These are all examples of civic engagement as what you do directly affects the community.

Ans:

2. To protect public interest
3. To protest against any unjust decision
4. To help control traffic in front of a school
5. To work in a team to clean a park
