**Poetry, Politics, and Culture** Harold Kaplan,2017-07-05 A salient feature of modern poetics is its direct connection with cultural history and politics Among the great American poets of the twentieth century Wallace Stevens and William Carlos Williams offer a significant contrast with T S Eliot and Ezra Pound Where the latter advocated a theocentric or reactionary response to the cultural crises of modernity the former affirmed an essentially humanist and democratic social

and aesthetic ethos In *Poetry Politics and Culture* Harold Kaplan offers a penetrating comparative study of these representative and distinctively influential poets All four poets wrote in an atmosphere of cultural crisis following World War I caught as they were between outmoded belief systems and various forms of artistic and political nihilism While each believed in poetry as a source of cultural values and beliefs they nevertheless experienced loss of confidence in their own vocation in a world characterized by scientific rationalist thinking and the mundane struggle for survival For each therefore the poetic imagination was a means of restoring order or building a new civilization out of chaos In trying to define a revitalized culture the four exemplified the perennial quarrel between Europe and America
