Lab Section Description

The lab that accompanies PSYC 100 provides hands-on experience with the principles and methods of psychological science and meets these University's objectives for a laboratory in the Life Sciences GE category. You do not need special equipment or a manual. Lab activities are conducted via computer or paper-pencil in the scheduled classroom. The lab topics relate to the current or recent chapter. All of the learning objectives of this course are addressed in the semester's lab activities.

Points

Each weekly lab is worth 5 points—half for participation, half for the weekly assignment. Your lab grade accounts for 15% of your total grade for PSYC 100. Lab handouts will be posted at least 5 days before each lab. These handouts will function as guidelines during the class as well as your weekly graded assignment. If you do the assignment but skip lab, you will receive a 0/5.

Other guidelines (see lecture syllabus for additional info)

- Unexcused absences result in a zero for the day
- Contact me prior to class regarding excused absences (sickness, family emergencies, etc.)
- You can make up credit for two unexcused absences. **Only two.** If you miss a third (and fourth, etc.) lab, you will receive a zero for that day. **如果你miss了这一天 写 one page single space of the topic of the day**
- Making up a missed lab involves either attending a different PSYC 100 lab section or doing a one page written assignment.
- If you attend a different lab section, email me and the attending TA to confirm attendance.
- Lab scores will be entered by the following week. If you think there has been an error with your grade, let me know within two weeks of the due date (i.e. not at the end of the semester)
