Gibbon, Nathan W. Pino, Rob White**

Prospectus Of University Of North West 2015:

One Korea Tae-Hwan Kwak, Seung-Ho Joo, 2016-11-10 On the Korean peninsula there exist two sovereign states the Republic of Korea ROK or South Korea and the Democratic People's Republic of Korea DPRK or North Korea both of whom hold separate membership at the United Nations This book discusses the construction of one Korea and highlights the potential benefits of unification for the Koreans and the international community Arguing that Korean unification is intrinsically international in nature the authors outline how the process and outcome would impact upon the policies of the four major powers the U S China Russia and Japan In addition the authors highlight the possible far reaching repercussions of unification on the political and economic dynamics of Northeast Asia Making a case for the two Koreas and interested powers to plan and orchestrate their acts for sustained peace and gradual unification on the Korean peninsula this book examines the Korean question and the related issue of peace building in Northeast Asia from a global perspective It will be of interest to students and scholars researching politics and international relations

Race and the Wild West Laura J. Arata, 2020-07-02 Winner of the Western Writers of America SPUR Award and the Western Association of Women Historians Gita Chaudhuri Prize Born a slave in eastern Tennessee Sarah Blair Bickford 1852 1931 made her way while still a teenager to Montana Territory where she settled in the mining boomtown of Virginia City *Race and the Wild West* is the first full length biography of this remarkable woman whose life story affords new insight into race and belonging in the American West around the turn of the twentieth century For many years Sarah Bickford's known biography fit into a single paragraph By examining her life in all its complexity Arata fills in what were long believed to be unrecoverable silent spaces in her story Before establishing herself as a successful business owner we learn she was twice married both times to white men Her first husband an Irish immigrant physically abused her until she divorced him in 1881 Their three children all died before the age of ten In 1883 she married Stephen Bickford and gave birth to four more children Upon his death she inherited his shares of the Virginia City Water Company acquiring sole ownership in 1917 For the final decade of her life Bickford actively preserved and promoted a historic Virginia City building best known as the site of the brutal lynching in 1864 of five men Her conspicuous role in developing an early form of heritage tourism challenges long standing narratives that place white men at the center of the Wild West myth and its promotion Bickford's story offers a window into the dynamics of race in the rural West Although her experiences defy easy categorization what is clear is that her navigation of social norms and racial barriers did not hinge on exceptionalism or tokenism Instead she built a life that deserves to be understood on its own terms Through exhaustive research and nuanced analysis Laura J Arata advances our understanding of a woman whose life embodied the contradictory intersections of hope and disappointment that characterized life in the early twentieth century American West for brave pioneers of many races

Western Art, Western History Ron Tyler, 2019-03-07 For nearly half a century celebrated historian Ron Tyler has researched interpreted and exhibited western American art This splendid volume gleaned from Tyler s extensive career of connoisseurship brings together eight of the author s most notable essays reworked especially for this volume Beautifully illustrated with more than 150 images Western Art Western History tells the stories of key artists both famous and obscure whose provocative pictures document the people and places of the nineteenth century American West The artists depicted in these pages represent a variety of personalities and artistic styles According to Tyler each of them responded in unique ways to the compelling and exotic drama that unfolded in the West during the nineteenth century an age of exploration surveying pleasure travel and scientific discovery In eloquent and engaging prose Tyler unveils a fascinating cast of characters including the little known German Russian artist Louis Choris who served as a draftsman on the second Russian circumnavigation of the globe the exacting and precise Swiss artist Karl Bodmer who accompanied Prince Maximilian of Wied on his sojourn up the Missouri River and the young American Alfred Jacob Miller whose seemingly frivolous and romantic depictions of western mountain men and American Indians remained largely unknown until the mid twentieth century Other artists showcased in this volume are John James Audubon George Caleb Bingham Alfred E Mathews and finally Frederic Remington who famously sought to capture the last glimmers of the old frontier A common thread throughout Western Art Western History is the important role that technology especially the development of lithography

played in the dissemination of images As the author emphasizes many works by western artists are valuable not only as illustrations but as scientific documents imbued with cultural meaning By placing works of western art within these broader contexts Tyler enhances our understanding of their history and significance

Utopian Universities Miles Taylor, Jill Pellew, 2020-11-12 In a remarkable decade of public investment in higher education some 200 new university campuses were established worldwide between 1961 and 1970 This volume offers a comparative and connective global history of these institutions illustrating how their establishment intellectual output and pedagogical experimentation sheds light on the social and cultural topography of the long 1960s With an impressive geographic coverage using case studies from Europe the Americas Africa and Asia the book explores how these universities have influenced academic disciplines and pioneered new types of teaching architectural design and student experience From educational reform in West Germany to the establishment of new institutions with progressive interdisciplinary curricula in the Commonwealth the illuminating case studies of this volume demonstrate how these universities shared in a common cause the embodiment of utopian ideals of living learning and governance At a time when the role of higher education is fiercely debated *Utopian Universities* is a timely and considered intervention that offers a wide ranging historical dimension to contemporary predicaments

Before Canada Allan Greer, 2024-07-12 Long before Confederation created a nation state in northern North America Indigenous people were establishing vast networks and trade routes Volcanic eruptions pushed the ancestors of the Dene to undertake a trek from the present day Northwest Territories to Arizona Inuit migrated across the Arctic from Siberia reaching Southern Labrador where they met Basque fishers from northern Spain As early as the fifteenth century fishing ships from western Europe were coming to Newfoundland for cod creating the greatest transatlantic maritime link in the early modern world Later fur traders would take capitalism across the continent using cheap rum to lubricate their transactions The contributors to *Before Canada* reveal the latest findings of archaeological and historical research on this fascinating period Along the way they reframe the story of the Canadian past extending its limits across time and space and challenging us to reconsider our assumptions about this supposedly young country Innovative and multidisciplinary *Before Canada* inspires interest in the deep history of northern North America

Reconstructing the Landscapes of Slavery Dale W. Tomich, Rafael de Bivar Marquese, Carlos Venegas Fornias, Reinaldo Funes Monzote, 2021-03-19 Assessing a unique collection of more than eighty images this innovative study of visual culture reveals the productive organization of plantation landscapes in the nineteenth century Atlantic world These landscapes from cotton fields in the Lower Mississippi Valley to sugar plantations in western Cuba and coffee plantations in Brazil s Para ba Valley demonstrate how the restructuring of the capitalist world economy led to the formation of new zones of commodity production By extension these environments radically transformed slave labor and the role such labor played in the expansion of the global economy Artists and mapmakers documented in surprising detail how the physical organization of the landscape itself made possible the increased exploitation of enslaved labor

Reading these images today one sees how technologies combined with evolving conceptions of plantation management that reduced enslaved workers to black bodies Planter control of enslaved people's lives and labor maximized the production of each crop in a calculated system of production Nature too was affected the massive increase in the scale of production and new systems of cultivation increased the land's output Responding to world economic conditions the replication of slave based commodity production became integral to the creation of mass markets for cotton sugar and coffee which remain at the center of contemporary life
