**Psalms and the Transformation of Stress** Dennis D. Sylva, 1993 Professor Sylva has written a major book in what Clifford Geertz terms blurred genres By that Geertz means a study that refuses to stay slotted in a specified scholarly discipline but reaches across such distinctions in order to face real and complex human issues As biblical scholarship moves out of its more positivistic modes it is able to make contact with human dimensions of the text that objectivist criticism had long precluded In this book Sylva with painstaking research and urbane articulation reflects upon how the Psalms touch fractured human conditions in healing ways This is no surface interpretation of scripture for the sake of an easy religious fix and it is no pop psychology because the author has thought with great steadfastness and is informed on both sides of the interface The power of his argument is in the detail of human stress and in the effective nuance of the poetry For his interface he employs the intriguing term theotherapy I have no doubt that this book will become a major resource for bringing back together text and human reality that our recent interpretative past has rent asunder Sylva invites us to a new conversation as we blur our safer points of reference Walter Brueggemann Professor of Old Testament Columbia Theological Seminary This book seeks to uncover the serious and deep ways in which the Psalms speak to the human situation Few works that I know of have sought to bring the Psalms to bear on the stresses and strains the functions and dysfunctions of the family as has been done here Professor Sylva endeavors to show how the Psalms create a fundamental trust in God a trust that moves out into all other relationships starting with the family This is something that happened to me as a child and that I came to realize only much later In this work The Psalms are clearly not simply a springboard to say some things about family therapy They are the heart of this book and it is only as they are heard in detail that one then moves or is carried by them into a more secure family relationship I hope very much that this work will enhance the reading and appropriation of the Psalms within the family as a source of family health and strength Patrick D Miller Professor of Old Testament Theology Princeton Theological Seminary Dana Sylva is Associate Professor of Biblical Studies at Saint Francis Seminary in Milwaukee Wisconsin He is the editor of *Reimagining the Death of the Lukan Jesus* 1990 and he has published articles on Old Testament and New Testament exegesis
