Undoing Coups Antonia Witt, 2020-09-17 Since the beginnings of independence a number of African nations have been plagued by repeated coup d tats Within the African Union AU there has been a concerted effort to break this cycle through the official adoption of an anti coup norm by which the AU is mandated to suspend a member state and restore constitutional order following a coup Supporters of this stance see it as strengthening democracy in Africa while critics argue that it has served to prop up existing regimes But there has been little analysis of what the AU s attempts to restore constitutional order have meant for individual African states In this book Antonia Witt looks at the legacy of the AU s intervention in Madagascar following the 2009 Malagasy crisis one of the increasingly relevant yet under researched cases of non Western intervention in Africa The book looks at the ways in which international intervention reconfigured the political order in Madagascar how it facilitated the power struggle within the Madagascan elite and prevented more profound political change It also considers what the example set by the Madagascan intervention means for the wider international order in Africa and the powers attributed to African international actors such as the AU

Encyclopedia of Cryptography, Security and Privacy Sushil Jajodia, Pierangela Samarati, Moti Yung, 2025-01-10 A rich stream of papers and many good books have been written on cryptography security and privacy but most of them assume a scholarly reader who has the time to start at the beginning and work his way through the entire text The goal of Encyclopedia of Cryptography Security and Privacy Third Edition is to make important notions of cryptography security and privacy accessible to readers who have an interest in a particular concept related to these areas but who lack the time to study one of the many books in these areas The third edition is intended as a replacement of Encyclopedia of Cryptography and Security Second Edition that was edited

by Henk van Tilborg and Sushil Jajodia and published by Springer in 2011 The goal of the third edition is to enhance on the earlier edition in several important and interesting ways First entries in the second edition have been updated when needed to keep pace with the advancement of state of the art Second as noticeable already from the title of the encyclopedia coverage has been expanded with special emphasis to the area of privacy Third considering the fast pace at which information and communication technology is evolving and has evolved drastically since the last edition entries have been expanded to provide comprehensive view and include coverage of several newer topics

Catalonia: A New Independent State in Europe? Xavier Cuadras Morató, 2016-04-20 Catalonia A New Independent State in Europe examines the main issues of the political process which is taking place in Catalonia today The political confrontation between the Spanish and Catalan institutions has now reached the international arena especially the debates concerning international recognition of a new Catalan state and its membership of the European Union EU and other international institutions There are no precedents for the secession of a region from an EU member country that could be applied to the case of Catalonia Therefore it is not surprising that the world has many unanswered question about the process This volume aims to provide answers to many of these questions in a systematic and rigorous way Why has the political scenario in Catalonia changed so radically and so rapidly Is this new situation only temporary and support for independence is likely to vanish very soon What role has the deep economic crisis in Catalonia and in Spain played in the process Is a potential new Catalan state economically viable Which are the main legal controversies about self determination and independence between the Spanish and Catalan institutions Would an independent Catalonia be a member of the EU This book will be of great use to academics and students in the field of politics and international relations particularly those interested in European economic and political studies It will also interest a wide segment of general readers interested in contemporary political issues
