of experience working with clients to release traumas and emotional pain and step into their full potential he explains the importance of proper dose set setting and intention and details how to prepare for your psychedelic cannabis sessions to ensure success He shares methods to use cannabis in a specialized and mindful way to minimize unwanted effects such as intensified anxiety and paranoia and direct the experience to produce vivid psychedelic states deep physical relaxation and healing Looking at the unique qualities of different cannabis strains the author explores the art of making a psychedelic cannabis blend the possibilities and hidden potentials of each strain and how to blend strains for specific medicine experiences ranging in similarity to MDMA psilocybin and even ayahuasca Unveiling new depth to this ancient spiritual and medicinal ally McQueen shows how consciously using cannabis as a psychedelic can help transform your trauma into resilience and shift your mindset from surviving to thriving
