

Now what a law enforcement study guide does is go over actual course materials that you'll likely see at the police training academy, and on the test. So once you are actually at the academy, all you're really doing is going over stuff that you've already learned, and possibly new information from the instructors. You are getting exposed to the material twice. .

Ideally you'll want to get started about 2-4 weeks before you head off to the academy. If you are a self-sponsored recruit meaning you are paying your own way a police academy study guide is absolutely crucial. You don't want to be sent home after spending all that money on enrollment do you.
