Davis, Ann L. Hardy, Craig Hight, 2017-11-24. This book explores the evolution of audience receptions of Peter Jackson's *Hobbit* trilogy (2012-14) as an exemplar of the contemporary blockbuster event film franchise. Drawing on findings from a unique cross-cultural and longitudinal study, the authors argue that processes and imperatives associated with Hollywood blockbusterisation shaped the trilogy's conditions of production, format, content, and visual aesthetic in ways that left many viewers progressively disenchanted. The chapters address public and private prefigurations of the *Hobbit* trilogy, modes of reception, new cinematic technologies, and the *Hobbit* hyperreality paradox: gender representations, adaptation, and the transformation of cinematic desire, and the role of social and cultural location in shaping audience engagement and response. This book will appeal to audience researchers, Q-methodologists, scholars, and students in film and media studies, Tolkien scholars, and *Hobbit* fans and critics alike. **The Unofficial**
