dynamic approach to learning for early childhood Karla Bronzynski First Grade Teacher Eldora New Providence School District IA A wonderful resource for using photography across all the developmental domains This very practical and useful book supports all of its activities with sound developmental practices Michelle Barnea Early Childhood Consultant Help young children celebrate themselves while learning through photography In the second edition of *Picture This* the author explores the expanded photography options that are now available for enriching early childhood instruction Children are thrilled when they see themselves in pictures and this book shows teachers how to place them at the center of an exciting visual learning process Written in a user friendly format and filled with illustrations the book provides field tested and developmentally appropriate photography activities across 10 subject areas including emerging literacy physical development sensory exploration social studies math science and drama Each activity offers an objective and description and can be adapted for independent exploration one on one instruction small groups and family involvement Three new chapters discuss Ongoing student assessment the use of standards and systematic documentation Activities for children with special needs The use of photography with toddlers Enrich your early childhood curriculum and fully engage young children through the fascinating world of digital photography

Preserving Family Recipes Valerie J. Frey, 2015-11-01 Heirloom dishes and family food traditions are rich sources of nostalgia and provide vivid ways to learn about our families past yet they can be problematic Many family recipes and food traditions are never documented in written or photographic form existing only as unwritten know how and lore that vanishes when a cook dies Even when recipes are written down they often fail to give the tricks and tips that would allow another cook to accurately replicate the dish Unfortunately recipes are also often damaged as we plunk Grandma s handwritten cards on the countertop next to a steaming pot or a spattering mixer shortening their lives This book is a guide for gathering adjusting supplementing and safely preserving family recipes and for interviewing relatives collecting oral histories and conducting kitchen visits to document family food traditions from the everyday to special occasions It blends commonsense tips with sound archival principles helping you achieve effective results while avoiding unnecessary pitfalls Chapters are also dedicated to unfamiliar regional or ethnic cooking challenges as well as to working with recipes that are orphans surrogates or terribly outdated Whether you simply want to save a few accurate recipes help yesterday s foodways evolve so they are relevant for today s table or create an extensive family cookbook this guidebook will help you to savor your memories

Routledge Encyclopedia of Technology and the Humanities Chan Sin-wai, Mak Kin-wah, Leung Sze Ming, 2024-04-29 Routledge Encyclopedia of Technology and the Humanities is a pioneer attempt to introduce a wide range of disciplines in the emerging field of techno humanities to the English reading world This book covers topics such as archaeology cultural heritage design fashion linguistics music philosophy and translation It has 20 chapters contributed by 26 local and international scholars Each chapter has its own theme and addresses issues of significant interest in the respective disciplines References are provided at the end of each chapter for further exploration
