

SAL SI PUEDES

BY PETER MATTHIESSEN

SAL SI PUEDES (sal sē pwē'das): a Spanish expression meaning, roughly, escape if you can.

"Because he is such an unpublic man, Chavez is one of the few public figures that I would go ten steps out of my way to meet. Besides, the farm workers' plight is related to all of America's most serious afflictions: racism, poverty, environmental pollution, and urban crowding and decay—all of these compounded by the waste of war.

"Before this century is done, there will be an evolution in our values and the values of human society, not because man has become more civilized, but because, on a blighted earth, he will have no choice. Such hope as there is of orderly change depends on men like Cesar Chavez, who, of all leaders now in sight, best represents the rising generations. He is an idealist unhampered by ideology, an activist with a near-mystic vision, a militant with a dedication to nonviolence, and he stands free of the political machinery that the election year 1968 made not only disreputable but irrelevant."

—Peter Matthiessen

The influence of Chavez, leader of the United Farm Workers, is growing fast, not only among the millions of Mexican-Americans throughout the Southwest but among many other concerned Americans of all colors

Sal Si Puedesenglish Edition:

Health in the Mexican-American Culture Margaret Clark,1970-01-01 **The Rough Guide to South America On A Budget** ,2012-08-02 The Rough Guide to South America on a Budget is the definitive guide to making the most of this exotic region without breaking the bank Backpackers career breakers gap year travellers and those who want more bang for their buck will find in depth budget information for all twelve South American countries and every aspect of travel From hotels hostels and restaurants to special events festivals and adrenalin pumping outdoor activities this guide is packed with the best budget information You ll find Treat Yourself boxes that feature great places and things worth splashing out on and also a full colour introduction with highlights for every country There are reviews and recommendations for night life shopping markets and entertainment as well as useful words and phrases in every language and detailed maps for hundreds of locations

The Language of Protest Mary Lynne Gasaway Hill,2018-04-16 Rooted in the performative of Speech Act Theory this interdisciplinary study crafts a new model to compare the work we do with words when we protest across genres from different geographies and languages Rich with illustrative examples from Turkey U S West Germany Romania Guatemala Great Britain and Northern Ireland it examines the language of protest chants songs poetry and prose with an innovative use of analytical tools that will advance current theory Operating at the intersection of linguistic pragmatics and critical discourse analysis this book provides fresh insights on interdisciplinary topics including power identity legitimacy and the Social Contract In doing so it will appeal to students and scholars of sociolinguistics pragmatics and critical discourse analysis in addition to researchers working in sociology political science discourse cultural and communication studies

The Making of Modern Immigration Patrick J. Hayes,2012-02-13 Combining the insight of two dozen expert contributors to examine key figures events and policies over 200 years of U S immigration history this work illuminates the foundations of the ethnic and socioeconomic makeup of our nation The two volume *The Making of Modern Immigration An Encyclopedia of People and Ideas* is organized around a series of four dozen in depth essays on specific aspects of American immigration history since the founding of the Republic This encyclopedia addresses the major historical themes and contemporary research trends related to U S immigration canvassing all the major policy endeavors on immigration in the last two centuries In addition to documenting immigration policy the contributors devote extensive attention to the historiography of immigration supplementing theories with cutting edge sociological data Not content with providing a comprehensive overview of immigration history however the work also offers probing investigations of key figures behind the ideas that have shaped the nation s self understanding Taken as a whole this seminal work lifts out the personalities and policies that surround the composition of America s national identity illuminating the past as a series of lessons for the future

Language Minority Students in American Schools H. D. Adamson,2005-03-23 This book addresses questions of language education in the United States focusing on how to teach the 3 5 million students in American public schools who do

not speak English as a native language These students are at the center of a national debate about the right relationship among ESL bilingual and mainstream classes Bilingual education has been banned by constitutional amendment in California and Arizona and similar amendments are being considered in other states Language Minority Students in American Schools An Education in English places this debate and related issues of teaching standard English to speakers of nonstandard dialects such as black English within the larger context of language acquisition theory and current methods of language teaching Adamson draws from the large body of sociolinguistic psycholinguistic and educational research and on his own experience as an English teacher in the U S and overseas to shed light on some of these controversies and on the cognitive cultural public policy and practical issues involved in educating English language learners Presenting all sides of the issues fairly he offers a strong endorsement for bilingual and bidialectical education based on programs designed and administered according to the principles discussed in the book and supported by language acquisition theory and classroom research A strength of the book is the inclusion of original research conducted in a middle school enrolling a majority of Latino students This research contributes to the field of language education by providing a detailed description of how English language learners study content subjects Examples from the study are used to illustrate a discussion of Vygotskian learning principles and the relationship between the students home and school cultures Language Minority Students in American Schools An Education in English is intended for students who are preparing to become teachers of English as a second language and for teachers of other subjects who work with English language learners
