Step 3: Write Measurable Goals

Goal(s)
By the end of the year, I will raise my score on identifying critical information from a 2 to a 4, and I expect to see students describing the level of importance of the information addressed in class, students explaining why the content is important to pay attention to, and students visibly adjusting their level of engagement when critical information is share.

Step 4: Identify Specific Action Steps and Resources

Teacher/Classroom Action Steps	Resources and Professional Development
-Begin the lesson by explaining why upcoming content is important -Tell students to get ready for some important information -Cue the importance of upcoming information by my tone of voice, body position, level of excitement	- <i>Handbook for the Art and Science of Teaching</i> -School-based professional development offerings on Design Question #2

Step 5: Reflection

Goal #1	Reflection	Date
What am I learning about the strategy?	I realized that I was not pointing out the importance of critical information within my lesson at the beginning of the class period. I did not begin with an activator that helped my students focus in on important vocabulary words. Today in my lesson, I started with key vocabulary and I think it allowed students the opportunity to see what words/phrases would be important for their learning.	11/29/2012
