

## RESEARCH ARGUMENT ESSAY

### LOGISTICS

**Assignment Description:** This assignment asks you to deliver your research in the form of an academic research paper of 2800+ words, utilizing at least 12 sources, with a balance between primary and secondary research. Both the draft and the revision of the research essay should be prefaced by a reflective memo.

**Due dates:**

- Draft #1 due: Tuesday, May 13, by class
- Introductory paragraph (required) & Draft #2 due (optional): Thursday, May 29, by class
- Final Revision due: Tuesday, June 3, by class

**Paper Format:** 2800+ words; 1.5 spacing; separate title page including name, title, and date; page numbers; in-text citations and works cited in MLA form; 1" margins; visual evidence (as appropriate) with captions.

**Submission Format:** Electronic posting of all materials to your student portfolio as they are due (this includes title pages, reflective memos, abstracts, works cited as they are due).

**Grading:** This assignment is worth 35% of the overall class grade.

**Recommended *Envision* reading:** Chapters 6 & 7

### ASSIGNMENT GOALS

This assignment has three interrelated goals:

1. To ask you to take on a sophisticated research project, working with both primary and secondary sources, on a subject related to the intersection of gender and technology.
2. To encourage you to develop skills in delivering complex research effectively in written form.
3. To help you develop skills in presenting a powerful and articulate argument about a topic, using evidence to substantiate your claims.

### DETAILED ASSIGNMENT

All PWR 2 students are required to complete an extended piece of academically rigorous research writing, designed to reinforce the skills learned in PWR: research strategies; deliberate use of rhetoric; clear and forceful argumentation.

Your research paper should include an **argumentative thesis** that represents your own claims about your topic. This thesis should be supported by evidence derived from both primary and secondary research. You should utilize at least 12 sources and, as applicable, fieldwork (interviews, surveys, etc.) -- in many cases, you

## Sample Argumentative Research Papers:

A Guide to Argumentative Research Writing and Thinking Arnold Wentzel, 2017-11-09 Research is difficult. Even though students are trained in the basic research methodology skills, when confronted with research writing it feels to them as if they enter a bizarre world with its own language and conventions where it is hard to get things right. This book translates the apparent complexities of research writing into everyday ideas, language, and skills and will enable novice researchers to start overcoming the major stumbling blocks immediately. This book focuses only on the greatest challenges in research writing, specifically those that supervisors find most difficult to explain to novice researchers. These challenges include both basic and more complex skills such as finding original research contributions, establishing one's voice while drawing on other authors, turning a vague idea into a feasible research question, generating literature reviews that are original in themselves and avoiding list-like writing when discussing the research methodology. Wentzel shows that it is easier to overcome these challenges not with lists of prescriptions that are difficult to remember while writing but rather by cultivating an argumentative mindset. Not only is such a mindset much easier to maintain but it offers a central point around which one can organise any difficult writing task. The book shows how to use the argumentative mindset to approach every important writing challenge. It translates all the necessary skills into jargon-free language using a variety of visuals and simple step-by-step procedures that will enable any person to read the book quickly and start writing immediately. The book is accompanied by a website containing an instructor's manual with guidance on the teaching and assessment of research writing as well as lecture slides.

*Logical Argument in the Research Paper* Russ Ward, 1997 Logical Argument in the Research Paper operates on the premise that collegiate-level writing when cast in its most significant and sophisticated form is argumentative. Students are shown how writers examine a potential topic, establish a stance upon that topic, defend the stance, avoid reasoning and ethical errors, and in general say something meaningful about the topic. It also includes instruction about finding sources, gathering information from them, and correctly documenting them. However, the emphasis remains on how effective writers evaluate sources, think about the information they discover, prepare a fair and informed argument, rethink and revise the argument, and finally present an argument in its completed form. Logical Argument in the Research Paper will help students learn some of the reasoning processes that all writers use when composing the academic argument.

**Writing Made Easy: Just the Basics** Timothy Sharkey, 2022-05-03 Writing Made Easy: Just the Basics by Timothy Sharkey explains how to make writing easy. It provides a just-the-basics approach to writing and it eliminates the complicated information that gets in the way. It includes expert definitions and helpful examples of what is really needed in writing with professional scholarship and a literary sensibility from an author who has taught English 101 and English 102 classes in college for over 15 years. Writing Made Easy: Just the Basics is the culmination of Timothy Sharkey's 15-year effort to put the good information about writing into one book. Writing Made Easy: Just the Basics covers the following information: Grammar, Syntax,
