Harness the Email Writing Process Paul Lima, 2014-08-25 *Harness the Email Writing Process* is a book written specifically for people who want to improve their email writing skills and abilities. This book is based on a business writing course that I teach for University of Toronto continuing education students and corporate clients. The course is based on *Harness the Business Writing Process*, a book that covers writing email messages, letters, reports, and proposals, web content, and several other documents. *Harness the Email Writing Process* is for you if you are looking to become a more effective and efficient email writer, a person who makes your points in a clear, concise, focused manner and gets readers to take clearly defined action by a specific date. When it comes to email writing, this book will get you grounded and focused, especially if you often feel as if you're spinning your wheels by having you think about your topic, purpose, and audience before you write. Then the book will then help you organize and write simple and complex email messages in a well-structured, focused, clear, and concise manner. Ultimately, applying the principles outlined in *Harness the Email Writing Process* will make you a more effective and efficient writer. Effectiveness and efficiency. When it comes to communicating, who could ask for anything more?

How to Write Web Copy and Social Media Content Paul Lima, 2014-08-25 *How to Write Web Copy and Social Media Content* Spruce up Your Website Copy, Blog Posts, and Social Media Content is more than an online writing book. While writing for online media is the focus, the book takes writers through the important writing process, showing them how to think before they write. Then it demonstrates how to apply this process to website copy, including structuring copy on websites, blog posts, and social media such as Twitter, Facebook, and LinkedIn. This book is for those who want to make their website and blog copy sparkle and boost the effectiveness of their social media content. The book is based on business writing and online and social media copywriting courses that the author teaches for University of Toronto continuing education students and for corporate clients. In short, *How to Write Web Copy and Social Media Content* will help you organize your thoughts before you write, become a more effective and efficient online writer, make your points in a concise and easy-to-read, scan manner, achieve your purpose, and obtain feedback if so desired. This book is all about communicating more effectively online so your readers understand why you are writing and what action, if any, remember a click is an action you need them to take. It is filled with samples, examples, and exercises to get you writing for various online media.
