Security Guard Manual:

Armed Security Guard Training Manual Bernard Martinage, 2014-06-01 All states have different regulations laws licensing and requirements for security guards This is especially true regarding the use of deadly force power of detain arrest and many other legal aspects of being a security guard It is the responsibility of the school instructor to know the laws relating to security guard activities for the State County or City in which they train and for which they train These laws and regulations are easy to find and free to print because they are of the public domain While all states may have different laws almost all states includes in their armed security guard training and educational requirements firearm knowledge and technical skills so the armed security guard can effectively use a firearm in the defense of self and others This Armed Security Guard Training Manual was developed to meet the most stringent standard It represents 40 hours of study materials It also includes 10 hours legal section that discusses Weapons and Firearms and the use of deadly force These 10 hours of the curriculum are modeled after Florida laws which regulates heavily security guard activities This section constitutes an excellent moral guideline to work from BUT it is your responsibility to research and teach the law of your state county city as well as ensure that you take the steps you need to meet your state s licensing requirements if there are any Last but not least this kit as you see it is what we use every day to train our pupils at Safe N Secure

The Effective Security Officer's Training Manual Ralph Brislin, 2014-03-22 The Effective Security Officer s Training Manual Third Edition teaches today s security officers the most important aspects of performing the job of a security officer professionally and effectively Training is the most important element in becoming a professional security officer but it is also often overlooked or underutilized This straightforward easy to follow and well organized text covers the essentials that security officers need as they face issues of growing technology and an emphasis on proactiveness and vigilance The Effective Security Officer s Training Manual Third Edition also covers many topics of current concern such as sexual harassment crowd control cultural diversity persons with special needs new technologies and much more With discussion questions at the end of every chapter and a full ancillary package accompanying the text this manual is a comprehensive tool for developing a career as a successful and trusted professional security officer Meets ASIS International s guidelines for Private Security Officer Selection and Training Addresses the latest technological advancements that impact how today s security officers do their jobs Discusses the increased role security officers have in observing and reporting suspicious activities and events Includes end of chapter discussion questions to enhance understanding
