Bergsma, David C. Thomas, 2013-03-14 This book arises from a two fold conviction The first is that autonomy despite recent critiques about its importance in bioethics and philosophy of medicine and the traditional resistance of medicine to its intrusion into the doctor patient relation is a fundamental building block of an individual's identity and mechanisms for dealing with illness disease and incapacity As such it is an essential component in the health care professional's armamentarium employed to bring about healing Furthermore it functions in a similar way to assist the health professional in his or her relations to the sick and injured The second conviction follows from the first Autonomy is far more complex than appears from the philosophical use of the concept In this conviction we join those who have criticized the over reliance on autonomy in modern secular bioethics originating in the United States but gaining ascendancy in other cultures This critique relies on appeals to the richer contexts of persons' lives Elsewhere the contemporary critique of autonomy appears in a variety of alternative ethical models like narrative ethics casuist ethics and contextualism Indeed postmodern criticism of all bioethics argues that there is no defensible foundation for claims that one ought to respect autonomy or any other principle as a way of ensuring that one is ethical **Seduced by the Sheikh** Elizabeth Lennox, 2020-11-13 One glance changes everything Sheikh Amit el Ramini's world has been thrown into chaos After a tragedy leaves two small nieces in his care Amit isn't sure what to do So he brings in a professional Dr Harper Ross is renowned as a pediatric psychologist but the person stepping into his office isn't the sedate older woman he's expecting Instead Dr Ross is a gloriously beautiful woman that fires his passions creating more chaos Harper Ross doesn't understand her fascination with the coldly powerful man As a psychologist she doesn't understand her attraction to an emotionless irritating condescending jerk And yet she slowly discovers that he's not as coldly emotionless as she'd suspected In fact underneath all of those fascinating muscles is a man seething with passion and love she just needs to teach him to allow himself to feel But can she succeed Or is she setting herself up for failure with a man who won't allow himself to love *Those about Trench* Edwin Herbert Lewis, 1916

How do survivors of sexual and domestic violence relate to religion and to a higher power? What are the social and religious contexts that sustain and encourage eating disorders in women? How do these issues intersect? The relationship between Christian religious discourse, incest, and eating disorders reveals an important and so far unexamined psychosocial phenomenon. Drawing from interviews with incest survivors whose sexual and religious backgrounds are intimately connected with their problematic relationship with food, Jennifer Manlowe here illuminates the connections between female body weight and appetite preoccupations. Manlowe offers social and psychological insights into the most common forms of female suffering: incest and body hatred. The volume is intended as a resource for professionals, advocates, friends of survivors, and most importantly, the survivor of incest herself, as she attempts to understand the links of meaning in her mind between her incest experience and her subsequent eating disorder. **Primary Seduction** Elouise East, 2023-06-29
