*100 Recipes* America's Test Kitchen, 2015-10-13 A provocative

handpicked collection of relevant and surprising essential recipes for today's cook. We have countless recipes at our disposal today but what are the real keepers the ones that don't just feed us when we're hungry or impress our friends on Saturday night but inspire us to get into the kitchen. At the forefront of American cooking for more than 20 years the editors at America's Test Kitchen have answered this question in an essential collection of recipes that you won't find anywhere else: *100 Recipes Everyone Should Know How to Make*. Organized into three recipe sections: Absolute Essentials, Surprising Essentials, and Global Essentials, each recipe is preceded by a thought provoking essay that positions the dish. For example: Treating Pasta Like Rice Simplifies Everything, A Covered Pot Is a Surprisingly Good Place to Roast a Chicken, and Reimagine Pie in a Skillet to Simplify the Process. You'll find useful workday recipes like a killer tomato sauce that's almost as easy as opening a jar of the store-bought stuff, genius techniques for producing amazing flavor, try poaching chicken breasts over a garlic and soy spiked brine, trust us it's that good, and familiar favorites reinvigorated: the best beef stew comes from Spain and it's even easier to make than the stateside stew you've been eating for years. Gorgeous photography shot right in the test kitchen accompanies every recipe, revealing the finished dish as well as highlights of its preparation. Likely to stir debate among anyone interested in food and cooking, *100 Recipes Everyone Should Know How to Make* provides a snapshot of how we cook today and will galvanize even the most jaded cook to get into the kitchen.

*The New 500 Low-Carb Recipes* Dana Carpender, 2019-01-08 Since its publication over 15 years ago *500 Low Carb Recipes* has become a classic in the low carb community earning author Dana Carpender the affectionate moniker low carb queen from her fans. The book is now a bestseller with over half a million copies sold. Low carb cooking has evolved. A decade ago low carb menus relied on ingredients like artificial sweeteners, unhealthy vegetable oils, protein additives, and processed foods from grocery store shelves like low carb branded snack bars and packaged meals. Today's low carb cooking is influenced by larger food movements such as clean eating, farm to table, ingredients, higher fat ratios thanks to the popularity of ketogenic diets, and less stigmatization of foods that have substantial inclusion in a low carb diet, namely animal foods and saturated fat due to the growth of the Paleo and traditional foods movements. *The New 500 Low Carb Recipes* is the beloved cookbook updated for today's low carb movement.

*Persian Cooking* Nesta Ramazani, 1997 *Persian Cooking* is a collection of 322 authentic recipes from one of the world's oldest culinary traditions. Clear and concise instructions make the dishes turn out exactly as they are supposed to. Persian cooking is based on vegetables, fruits, grains, and meat used in subtle and varied combinations. The food is neither highly spiced nor hot but seasoned with herbs. It is very nutritious. Many of the dishes are suitable for vegetarians and in many others meat may be easily omitted. The dishes can be made from ingredients found in almost any store. A guide to specialty stores is also included. As has often been observed, rice preparation defines the quality of the Persian chef. It is covered here in detail.
