Recipe Water Proof Papier Mache:

The First Lady of Mulberry Walk David Llewellyn, 2010-10-13 Anne Acheson was a sensitive caring and extremely talented sculptress whose gift to the world at large has remained unacknowledged for almost a century. During voluntary work in the First World War she applied her artistic skills to invent the first anatomically accurate splints which helped the injured Tommies limbs heal better. These prototype splints were constructed from papier m ch. After this work with her pioneering team at the Surgical Requisites Association headquarters Number 17 Mulberry Walk in Chelsea, Anne retrained as a precision engineer and draughtswoman in order to do voluntary work during the Second World War. She also worked for the Red Cross during this time. Her eye witness accounts of the Blitz in London are particularly vivid capturing the much talked of Spirit of the Blitz. Either side of each of the global conflicts she pursued her chosen career in sculpting becoming very popular and successful during the 1920s and 1930s. She was one of the first women to be elected to the Royal Society of British Sculptors before becoming the organisation's first female Fellow. She was appointed a CBE in 1919 for her work with the SRA at Mulberry Walk and her bust of the female explorer and Arabist Gertrude Bell is in the National Museum in Baghdad presently stored in a basement for safekeeping while a replica stands in the entrance to the Royal Geographical Society in Kensington Gore.

An important part of childhood is being curious and trying out new experiences. What do things taste feel smell sound like? What happens when you add red to blue mix earth with water or drop a blob of paint from a great height? These childhood experiments are vital for development and provide hours of entertainment. Recipes for Play contains easy and inexpensive ideas for engaging your child's senses. Many wonderful hours can be spent playing with natural ingredients found in your kitchen cupboard or backyard garden. Make your own face paint in minutes whip up a batch of oozy slime create clouds of color with rainbow rice and so much more. Sisters Rachel Sumner and Ruth Mitchener have created Recipes for Play for parents and teachers or anyone with a child in their life who want to encourage tactile learning but don't want their lives to be controlled by chaos. Each recipe has easy to follow instructions for setting up activities and simple steps for cleaning up once the fun is finished.
