

Wedding

When James was in high school he had the likes for a girl, named Savannah. He loved her enough to stare at her in social study class because he sat behind her, years later he went to her house to ask her if she wanted to marry him and she said yes and he got happy and got children, and she died last month.

Career

Lebron's career is to be a basketball player. And today he is in the NBA and with the miami heat. And he is a great player, but he might get transfered to the lakers in 2014, with Carmello Anthony and Kobe Bryant. And he used to play Football for st-vincent-st-mary high. Further more he was a great football player.

Team

Miami heat is a professional basketball team based on Miami, Florida, United state. The team is a member of the southeast Division in the Eastern of the NBA. And where they play there home games is American Airlines Arena in Downtown Miami. And Formed in 1988 as one of the NBA four expansion franchises. Therefore Miami is the best team in the world to me.

Sample 6th Grade Introduction Paragraph

PCG Education

Sample 6th Grade Introduction Paragraph:

Reading for Evidence and Interpreting Visualizations in Mathematics and Science Education Stephen P. Norris, 2012-09-17 CRYSTAL Alberta was established to research ways to improve students understanding and reasoning in science and mathematics To accomplish this goal faculty members in Education Science and Engineering as well as school teachers joined forces to produce a resource bank of innovative and tested instructional materials that are transforming teaching in the K 12 classroom Many of the instructional materials cross traditional disciplinary boundaries and explore contemporary topics such as global climate change and the spread of the West Nile virus Combined with an emphasis on the use of visualizations the instructional materials improve students engagement with science and mathematics Participation in the CRYSTAL Alberta project has changed the way I think about the connection between what I do as a researcher and what I do as a teacher I have learned how to better translate scientific knowledge into language and activities appropriate for students thereby transforming my own teaching I also have learned to make better connections between what students are learning and what is happening in their lives and the world thereby increasing students interest in the subject and enriching their learning experience
