# BCBA Exam: Ethics

Ethics - correct answer BEHAVIORS, PRACTICES, and DECISIONS that address 3 fundamental questions that guide how you conduct yourself to help others improve their physical, social, psychological, familial, or personal condition

Question: Why is Ethics Important? - correct answer To further the welfare of the client

3 Fundamental Questions of Ethical Practice - correct answer 1. What is the right thing to do?

2. What is worth doing?

3. What does it mean to be a good behavior analyst?

1. What is the right thing to do? - correct answer -Considerations related to cultural practices; what may be acceptable in one culture is not in another

-Differences across time: what may have been acceptable 20 years ago is not today

Things to Help You Guide the Decision-Making Process - correct answer 1. Professional Training and Experience

-Your training should influence the methods you use. The decision to opt for Method A (e.g., differential reinforcement) or Method B (e.g., overcorrection) should be based on your clinical training, not your personal history

-Your training as a behavior analyst should ALWAYS OVERRIDE your personal history.

2. Personal History
