Seduction Rachel O'Neill, 2018-07-04 Within the so called seduction community the ability to meet and attract women is understood as a skill which heterosexual men can cultivate through practical training and personal development Though it has been an object of media speculation and frequent sensationalism for over a decade this cultural formation remains poorly understood In the first book length study of the industry Rachel O'Neill takes us into the world of seduction seminars training events instructional guidebooks and video tutorials Pushing past established understandings of pickup artists as pathetic pathological or perverse she examines what makes seduction so compelling for those drawn to participate in this sphere Seduction vividly portrays how the twin rationalities of neoliberalism and postfeminism are reorganising contemporary intimate life as labour intensive and profit orientated modes of sociality consume other forms of being and relating It is essential reading for students and scholars of gender sexuality sociology and cultural studies as well as anyone who wants to understand the seduction industry's overarching logics and internal workings

In Defense of Charisma Vincent W. Lloyd, 2018-03-13 Martin Luther King Jr has charisma as does Adolf Hitler So do Brad Pitt Mother Teresa and many a high school teacher Charisma marks or masks power it legitimates but also attracts suspicion Sociologists often view charisma as an irrational unstable source of authority superseded by the rational bureaucratic legitimacy of modernity Yet charisma endures in the modern world perhaps it is reinvigorated in the postmodern as the notoriety of celebrities politicians and New Age gurus attests Is charisma a tool of oppression or can it help the fight against oppression Can reexamining the concept of charisma teach us anything useful about contemporary movements for social justice In Defense of Charisma develops an account of moral charisma that weaves insights from politics ethics and religion together with reflections on contemporary culture Vincent W Lloyd distinguishes between authoritarian charisma which furthers the interests of the powerful naturalizing racism patriarchy and elitism and democratic charisma which prompts observers to ask new questions and discover new possibilities At its best charisma can challenge the way we see ourselves and our world priming us to struggle for justice Exploring the biblical Moses alongside Charlton Heston's performance in The Ten Commandments the image of Martin Luther King Jr together with tweets from the Black Lives Matter movement and the novels of Harper Lee and Sherman Alexie juxtaposed with the writings of Emmanuel Levinas In Defense of Charisma challenges readers to turn away from the blinding charisma of celebrities toward the humbler moral charisma of the neighbor colleague or relative
