Dr. Carl Slagel is commissioned to design and supervise the building of a giant space station. The reasons given to the world population by the super powers were lies. It was the secret goal of a few to launch the station, then create a nuclear holocaust to destroy the population, then return and establish their own rule. The world was nearly destroyed, but Dr. Slagel and a handful of people managed to endure.      **Current Law Index**, 1996      **Who's who in American Law**, 1999
