Глубинная дневная практика осознанных сновидений** Эндрю Холечек,2022-07-06 PDF A4     **Quest for Spiritual Self-Reliance** Digital Edition,2015-04-27 Martin Esten s Quest for Spiritual Self Reliance focuses on what the author calls the ongoing movement of meditation Martin presents probing insights into issues such as meditation love relationships spirituality and the nature of thought He shows that paradoxically all of our problems in life are created by thinking and identification with what he has termed the little me The path to true and enduring freedom is shown to be a counter intuitive process that can only be understood by setting aside one s analytical mind and ego and by simply being aware of one s self you start to see the mechanics of things and by seeing the mechanics of things you will become non mechanical and to be non mechanical is to be finally free This book is meant to be a journey that the reader can take with the writer and perhaps along the way the reader will find out who he or she really is beyond all mechanics of the conditioned

mind Although the journey is not easy Martin shows us again and again that is in our nature to undertake it *Awakening to Wholeness* Lee Bladon,2012-08-01 *Awakening to Wholeness* describes a two fold path of awakening that combines psychological and spiritual development Psychology is concerned with the personal aspects of our being i e body emotions mind and ego self and spirituality is concerned with the transpersonal aspects of our being i e soul and true Self Awakening to Wholeness clearly and comprehensively describes the dynamics of human consciousness ego formation psychological healing personal development and spiritual growth It also includes a range of powerful transformational tools techniques and practices that can help us to Understand why we think and behave the way we do Heal and re integrate the wounded parts of our psyche Manifest our full potential Let go of the things that are holding us back Lead a happier richer and more fulfilling life Know and express our true Self Realise that what we have been searching for has always been here inside of us Recognise that the opportunity to awaken is always right here and now Stepping Out of Self-Deception Rodney Smith,2010-07-13 A prominent Insight Meditation teacher presents the Buddhist concept of no self in an easy to understand way that will radically change your perspective on life Anatta is the Buddhist teaching on the nonexistence of a permanent independent self It s a notoriously puzzling and elusive concept usually leading to such questions as If I don t have a self who s reading this sentence It s not that there s no self there says Rodney Smith It s just that the self that is reading this sentence is a configuration of elements that at one time did not exist and which at some point in the future will disperse Even in its present existence it s more a temporary arrangement of components rather than something solid Anatta is a truth the Buddha considered to be absolutely essential to his teaching Smith shows that understanding this truth can change the way you relate to the world and that the perspective of selflessness is critically important for anyone involved in spiritual practice Seeing it can be the key to getting past the idea that spirituality has something to do with self improvement and to accessing the joy of deep insight into reality **Concerning Human Understanding** Nikunja Vihari Banerjee,2023-10-13 First published in 1958 *Concerning Human Understanding* treats the chief problems of philosophy Professor Banerjee s intention is to separate philosophic thought from effects of sophistication and intellectual pride to which philosophical enquiry is usually prone The book pursues a line of thought which calls for the replacement of certain old beliefs that are still dominant in philosophical circles suggests the need for a fresh enquiry into some of the problems of philosophy and brings into prominence others which have generally escaped the serious attention of philosophers in modern times It offers a restatement of the problems of knowledge attempts a solution of the conflict between science and philosophy and handles the baffling problem is metaphysics possible In particular this book deals with the problem of religion in its bearing upon the future of civilization and finds the solution in an outlook on life opposed to the surrender of man to Institution and Power and founded upon the feeling of obligation regarded as the most human of the forces that deserve to govern the world of human affairs and to shape the destiny of man This is a must read for students of philosophy
