Making it comparable David Waddington, Peter Nentwig, Sascha Schanze, 2007 One of the most significant developments in school education in recent years has been the development and introduction of standards a subject of considerable controversy This book is the result of a symposium held in Kiel a symposium that was arranged by two leading science education groups one at IPN Leibniz Institute for Science Education at the University of Kiel in Germany and the other at the University of York UK The seminar brought together experts from 15 countries These countries include those that have extensive experience with the effects of standards on the educational system on individual schools and teachers and on students Other reports concern countries which are introducing them shortly and yet others on countries that are in the early stages of development of standards 11 are from Europe and the others are from Australia Israel Taiwan and the U S The book is divided into three parts In Part A two of the organizers set the scene describing the reasons for arranging the symposium and outlining the preparations and the work done at the meeting Part B contains 17 reports from the 15 countries and in Part C there are two summaries analysing the conclusions taken from two different vantage points The controversies surrounding standards remain However this book gives a succinct and authoritative overall account of the advantages and disadvantages of their introduction taken from the experiences of many countries The Essentials of GCSE OCR Science for Specification B Jacquie Punter, 2006 A revision guide covering the core content of the OCR Science B single award specification from the Gateway Science suite *OCR Gateway (B) Additional Science - Foundation Tier*, 2006-09 This Success Revision Guide offers accessible content to help students manage their revision and prepare for the exam efficiently The content is broken into manageable sections and advice is offered to help build students confidence Exam tips and techniques are provided to support students throughout the revision process **OCR Gateway (B) Additional Science - Higher Tier**, 2006-09 This workbook offers accessible practice to help manage GCSE Additional Science revision and prepare for the exam efficiently The content is broken into manageable sections and advice is given to help build confidence Tips and techniques provide support throughout the revision process OCR Twenty First Century Science Dorothy Warren, 2006-06 A revision guide that covers the core content of the OCR Science A single award specification from the Twenty First Century Science Suite GCSE OCR Science Higher Success Revision Guide, 2006-08 This Success Revision Guide offers accessible content to help students manage their revision and prepare for the exam efficiently The content is broken into manageable sections and advice is offered to help build students confidence Exam tips and techniques are provided to support students throughout the revision process **GCSE OCR Science Foundation Success Workbook**, 2006-08 This workbook offers accessible practice to help manage GCSE Science revision and prepare for the exam efficiently The content is broken into manageable sections and advice is given to help build confidence Tips and techniques provide support throughout the revision process **The Essentials of GCSE OCR Science for Specification A.**, 2006

Revise A2 Physics for OCR A David Sang, 2006-02-06 We have had lots of students contacting us to say how useful they've found this series of revision guides. So why have they found them so valuable? Students know just what they need to revise for each exam because each guide matches the specification exactly. Information is presented in a straightforward, user-friendly way. Content is organised into double-page spreads to make revision more manageable. Short questions at the end of each section really make students stop and think about the topic. Tips on common pitfalls and advice on how to tackle different types of exam question and exam preparation. Practice exam-style questions are included at the end of each module. The answers to all questions are in the back of the books so students can work on their own. *Let There Be Light!* Robert S. Dutch, 2017-06-16 Have you ever wondered what it is like to work on a nuclear power plant? Robert Dutch worked in the UK's nuclear industry for many years as a scientist and then as a tutor at a nuclear training center. He also holds degrees in theology. Drawing upon his qualifications and experience, Robert addresses the controversial issue of nuclear power from a Christian perspective. In contrast to a negative nuclear narrative often portrayed, he presents a positive nuclear narrative alongside other ways of generating electricity. Be prepared to be challenged to think seriously about nuclear's merits in providing clean, low-carbon electricity. **The School Science Review**, 2006 New Scientist, 2005 *The Times Index*, 2004 Indexes the Times Sunday Times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **The British National Bibliography** Arthur James Wells, 2009 *OCR Gateway GCSE Physics*, 2008 **Ocr Gateway Physics Essentials Workbook**, 2008-06-01 Intended for use alongside the GCSE OCR Gateway Physics revision guide, this workbook includes further practice questions to test understanding and consolidate understanding.
